JOB TITLE: Environmental Program Coordinator
 DEPARTMENT/DIVISION: Environmental Quality
 REPORTS TO: Environmental Quality Manager

SUMMARY: Responsible for coordinating environmental programs and related activities to include conducting inspections, responding to alleged violations, preparing and tracking program paperwork and reports, and educating the public. Work requires limited supervision and the use of independent judgment and discretion.

ESSENTIAL JOB FUNCTIONS:

- Coordinates environmental programs, property, resources, studies, and projects, which may include: providing scientific and technical resource expertise to applicable groups and/or individuals; monitoring and ensuring compliance with applicable regulations; preparing and reviewing reports; giving presentations; responding to environmental priorities; monitoring legal requirements; overseeing program and/or project activities; developing plans related to environmental program compliance; and/or, performing other related activities.
- Conducts site inspections and collects, interprets, analyzes, and evaluates environmental data in assigned area of responsibility. Prepares and issues notices and citations related to environmental program violations. Prepares related reports summarizing findings and making appropriate recommendations.
- Performs follow-up activities related to environmental violations to ensure the resolution of issues in a timely and efficient manner.
- Assists in developing and documenting environmental issues, strategies, policies, procedures, and plans.
- Recommends and develops strategies and plans to address and ensure compliance with environmental issues and legal requirements in assigned area of responsibility.
- Participates in/on a variety of meetings, task forces, committees, public outreach events, educational exchanges, and other related groups. Presents project status and/or study results.
- Responds to environmentally hazardous situations and provides advice and guidance on the resolution and clean-up of problem sites and situations, which may include securing and coordinating the work of external contractors.
- Responds to complaints from the public and performs investigations to evaluate compliance or non-compliance of applicable regulations and performs related follow-up activities.
- Prepares and submits a variety of legally-required reports to applicable external agencies.
- Performs other duties as assigned.

SUPERVISORY/BUDGET RESPONSIBILITIES:

- None.
