Important Information

THIS IS NOT AN INSURED BENEFIT PLAN. THE BENEFITS DESCRIBED IN THIS BOOKLET OR ANY RIDER ATTACHED HERETO ARE SELF-INSURED BY CITY OF CARROLLTON WHICH IS RESPONSIBLE FOR THEIR PAYMENT. CIGNA HEALTH AND LIFE INSURANCE COMPANY (CIGNA) PROVIDES CLAIM ADMINISTRATION SERVICES TO THE PLAN, BUT CIGNA DOES NOT INSURE THE BENEFITS DESCRIBED.

THIS DOCUMENT MAY USE WORDS THAT DESCRIBE A PLAN INSURED BY CIGNA. BECAUSE THE PLAN IS NOT INSURED BY CIGNA, ALL REFERENCES TO INSURANCE SHALL BE READ TO INDICATE THAT THE PLAN IS SELF-INSURED. FOR EXAMPLE, REFERENCES TO "CIGNA," "INSURANCE COMPANY," AND "POLICYHOLDER" SHALL BE DEEMED TO MEAN YOUR "EMPLOYER" AND "POLICY" TO MEAN "PLAN" AND "INSURED" TO MEAN "COVERED" AND "INSURANCE" SHALL BE DEEMED TO MEAN "COVERAGE."
Explanation of Terms
You will find terms starting with capital letters throughout your certificate. To help you understand your benefits, most of these terms are defined in the Definitions section of your certificate.

The Schedule
The Schedule is a brief outline of your maximum benefits which may be payable under your insurance. For a full description of each benefit, refer to the appropriate section listed in the Table of Contents.
Special Plan Provisions

Participating Providers include Physicians, Hospitals and Other Health Care Professionals and Other Health Care Facilities. Consult your Physician Guide for a list of Participating Providers in your area. Participating Providers are committed to providing you and your Dependents appropriate care while lowering medical costs.

Services Available in Conjunction With Your Medical Plan

The following pages describe helpful services available in conjunction with your medical plan. You can access these services by calling the toll-free number shown on the back of your ID card.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours,

Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.

- The Review Organization assesses each case to determine whether Case Management is appropriate.

- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.

- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.

- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).

- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).

- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.
**Additional Programs**

We may, from time to time, offer or arrange for various entities to offer discounts, benefits, or other consideration to our members for the purpose of promoting the general health and well being of our members. We may also arrange for the reimbursement of all or a portion of the cost of services provided by other parties to the Policyholder. Contact us for details regarding any such arrangements.

**Care Management and Care Coordination Services**

Your plan may enter into specific collaborative arrangements with health care professionals committed to improving quality care, patient satisfaction and affordability. Through these collaborative arrangements, health care professionals commit to proactively providing participants with certain care management and care coordination services to facilitate achievement of these goals. Reimbursement is provided at 100% for these services when rendered by designated health care professionals in these collaborative arrangements.

**Important Notices**

**Direct Access to Obstetricians and Gynecologists**

You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

**Selection of a Primary Care Provider**

This plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

**Important Information**

**Rebates and Other Payments**

Cigna or its affiliates may receive rebates or other remuneration from pharmaceutical manufacturers in connection with certain Medical Pharmaceuticals covered under your plan and Prescription Drug Products included on the Prescription Drug List. These rebates or remuneration are not obtained on you or your Employer’s or plan’s behalf or for your benefit. Cigna, its affiliates and the plan are not obligated to pass these rebates on to you, or apply them to your plan’s Deductible if any or take them into account in determining your Copayments and/or Coinsurance. Cigna and its affiliates or designees, conduct business with various pharmaceutical manufacturers separate and apart from this plan’s Medical Pharmaceutical and Prescription Drug Product benefits. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this plan. Cigna and its affiliates are not required to pass on to you, and do not pass on to you, such amounts.

**Coupons, Incentives and Other Communications**

At various times, Cigna or its designee may send mailings to you or your Dependents or to your Physician that communicate a variety of messages, including information about Medical Pharmaceuticals and Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you or your Dependents, at your discretion, to purchase the described Medical Pharmaceutical and Prescription Drug Product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Cigna, its affiliates and the plan are not responsible in any way for any decision you make in connection with any coupon, incentive, or other offer you may receive from a pharmaceutical manufacturer or Physician. If Cigna determines that a Pharmacy, pharmaceutical manufacturer or other third party is or has waived, reduced, or forgiven any portion of the charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Prescription Drug Product without Cigna’s express consent, then Cigna in its sole discretion shall
have the right to deny the payment of plan benefits in connection with the Prescription Drug Product, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the Pharmacy, pharmaceutical manufacturer or other third party represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by the plan. For example, if you use a coupon provided by a pharmaceutical manufacturer or other third party that discounts the cost of a Prescription Drug Product, Cigna may, in its sole discretion, reduce the benefits provided under the plan in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts to which the value of the coupon has been applied by the Pharmacy or other third party, and/or exclude from accumulation toward any plan Deductible or Out-of-Pocket Maximum the value of any coupon applied to any Copayment, Deductible and/or Coinsurance you are required to pay.

If you believe that Cigna has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance by sending an email to ACAgrievance@cigna.com or by writing to the following address:

Cigna
Nondiscrimination Complaint Coordinator
P.O. Box 188016
Chattanooga, TN 37422

If you need assistance filing a written grievance, please call the number on the back of your ID card or send an email to ACAgrievance@cigna.com. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Discrimination is Against the Law

Cigna complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. Cigna does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Cigna:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats).
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages.

If you need these services, contact customer service at the toll-free phone number shown on your ID card, and ask a Customer Service Associate for assistance.

Proficiency of Language Assistance Services

English – ATTENTION: Language assistance services, free of charge, are available to you. For current Cigna customers, call the number on the back of your ID card. Otherwise, call 1.800.244.6224 (TTY: Dial 711).

Spanish – ATENCIÓN: Hay servicios de asistencia de idiomas, sin cargo, a su disposición. Si es un cliente actual de Cigna, llame al número que figura en el reverso de su tarjeta de identificación. Si no lo es, llame al 1.800.244.6224 (los usuarios de TTY deben llamar al 711).

Chinese – 注意：我們可為您免費提供語言協助服務。對於Cigna的現有客戶，請致電您的ID卡背面的號碼。其他客戶請致電1.800.244.6224（聽障專線：請撥711）。

Vietnamese – XIN LƯU Ý: Quý vị được cấp dịch vụ trợ giúp về ngôn ngữ miễn phí. Đối với Cigna的現有客戶，請致電您的ID卡背面的號碼。其他客戶請致電1.800.244.6224（聽障專線：請撥711）。

Korean – 주의: 한국어로 사용하시는 경우, 언어 지원 서비스를 무료로 이용하실 수 있습니다. 현재 Cigna
가입자들께서는 ID 카드 뒷면에 있는 전화번호로

Persian (Farsi) – توجه: خدمات کمک زبانی به صورت رایگان به شما ارائه می‌شود. برای مشتریان فعال Cigna، لطفاً با شماره‌ای که در لیست کارت شناسایی شماست تماس بگیرید. در غیر اینصورت با شماره 1.800.244.6224 تماس بگیرید (شماره تلفن ویژه ناشنوایان: شماره 711 را شماره‌گیری کنید).

IMPORTANT NOTICE
Notice of Certain Mandatory Benefits
This notice is to advise you of certain coverage and/or benefits provided by your contract with Cigna.

Notice of Coverage for Acquired Brain Injury
Your health benefit plan coverage for an acquired brain injury includes the following services:

- cognitive rehabilitation therapy;
- cognitive communication therapy;
- neurocognitive therapy and rehabilitation;
- neurobehavioral, neuropsychological, psychophysiological testing and treatment;
- neurofeedback therapy and remediation;
- post-acute transition services and community reintegration services, including outpatient day treatment services or other post-acute care treatment services; and
- reasonable expenses related to periodic reevaluation of the care of an individual covered under the plan who has incurred an acquired brain injury, has been unresponsive to treatment, and becomes responsive to treatment at a later date, at which time the cognitive rehabilitation services would be a covered benefit.

The fact that an acquired brain injury does not result in hospitalization or acute care treatment does not affect the right of the insured or the enrollee to receive the preceding treatments or services commensurate with their condition. Post-acute care treatment or services may be obtained in any facility where such services may legally be provided, including acute or post-acute rehabilitation hospitals and assisted living facilities regulated under the Health and Safety Code.
The following words and terms shall have the following meanings:

**Acquired brain injury** - A neurological insult to the brain, which is not hereditary, congenital, or degenerative. The injury to the brain has occurred after birth and results in a change in neuronal activity, which results in an impairment of physical functioning, sensory processing, cognition, or psychosocial behavior.

**Cognitive communication therapy** - Services designed to address modalities of comprehension and expression, including understanding, reading, writing, and verbal expression of information.

**Cognitive rehabilitation therapy** - Services designed to address therapeutic cognitive activities, based on an assessment and understanding of the individual’s brain-behavioral deficits.

**Community reintegration services** - Services that facilitate the continuum of care as an affected individual transitions into the community.

**Enrollee** - A person covered by a health benefit plan.

**Health benefit plan** - As described in the Insurance Code § 1352.001 and § 1352.002.

**Issuer** - Those entities identified in the Insurance Code § 1352.001.

**Neurobehavioral testing** - An evaluation of the history of neurological and psychiatric difficulty, current symptoms, current mental status, and premorbid history, including the identification of problematic behavior and the relationship between behavior and the variables that control behavior. This may include interviews of the individual, family, or others.

**Neurobehavioral treatment** - Interventions that focus on behavior and the variables that control behavior.

**Neurocognitive rehabilitation** - Services designed to assist cognitively impaired individuals to compensate for deficits in cognitive functioning by rebuilding cognitive skills and/or developing compensatory strategies and techniques.

**Neurocognitive therapy** - Services designed to address neurological deficits in informational processing and to facilitate the development of higher level cognitive abilities.

**Neurofeedback therapy** - Services that utilize operant conditioning learning procedure based on electroencephalography (EEG) parameters, and which are designed to result in improved mental performance and behavior, and stabilized mood.

**Neurophysiological testing** - An evaluation of the functions of the nervous system.

**Neurophysiological treatment** - Interventions that focus on the functions of the nervous system.

**Neuropsychological testing** - The administering of a comprehensive battery of tests to evaluate neurocognitive, behavioral, and emotional strengths and weaknesses and their relationship to normal and abnormal central nervous system functioning.

**Neuropsychological treatment** - Interventions designed to improve or minimize deficits in behavioral and cognitive processes.

**Other similar coverage** - The medical/surgical benefits provided under a health benefit plan. This term recognizes a distinction between medical/surgical benefits, which encompass benefits for physical illnesses or injuries, as opposed to benefits for mental/behavioral health under a health benefit plan.

**Outpatient day treatment services** - Structured services provided to address deficits in physiological, behavioral, and/or cognitive functions. Such services may be delivered in settings that include transitional residential, community integration, or non-residential treatment settings.

**Post-acute care treatment services** - Services provided after acute care confinement and/or treatment that are based on an assessment of the individual's physical, behavioral, or cognitive functional deficits, which include a treatment goal of achieving functional changes by reinforcing, strengthening, or re-establishing previously learned patterns of behavior and/or establishing new patterns of cognitive activity or compensatory mechanisms.

**Post-acute transition services** - Services that facilitate the continuum of care beyond the initial neurological insult through rehabilitation and community reintegration.

**Psychophysiological testing** - An evaluation of the interrelationships between the nervous system and other bodily organs and behavior.

**Psychophysiological treatment** - Interventions designed to alleviate or decrease abnormal physiological responses of the nervous system due to behavioral or emotional factors.

**Remediation** - The process(es) of restoring or improving a specific function.

**Services** - The work of testing, treatment, and providing therapies to an individual with an acquired brain injury.

**Therapy** - The scheduled remedial treatment provided through direct interaction with the individual to improve a pathological condition resulting from an acquired brain injury.

**Examinations for Detection of Cervical Cancer**

Benefits are provided for each covered female age 18 and over for an annual medically recognized diagnostic examination for the early detection of cervical cancer. Benefits include at a minimum a conventional Pap smear screening; or a screening using liquid-based cytology methods, as approved by the United States Food and Drug Administration, alone or in...
combination with a test approved by the United States Food and Drug Administration for the detection of the human papillomavirus.

If any person covered by this plan has questions concerning the above, please call Cigna or write us at the address on the back of your ID card.

How To File Your Claim

If your plan provides coverage when care is received only from In-Network providers, you may still have Out-of-Network claims (for example, when Emergency Services are received from an Out-of-Network provider) and should follow the claim submission instructions for those claims. Claims can be submitted by the provider if the provider is able and willing to file on your behalf. If the provider is not submitting on your behalf, you must send your completed claim form and itemized bills to the claims address listed on the claim form.

You may get the required claim forms from the website listed on your identification card or by using the toll-free number on your identification card.

CLAIM REMINDERS
• BE SURE TO USE YOUR MEMBER ID AND ACCOUNT/GROUP NUMBER WHEN YOU FILE CIGNA’S CLAIM FORMS, OR WHEN YOU CALL YOUR CIGNA CLAIM OFFICE.

YOUR MEMBER ID IS THE ID SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

YOUR ACCOUNT/GROUP NUMBER IS SHOWN ON YOUR BENEFIT IDENTIFICATION CARD.

• BE SURE TO FOLLOW THE INSTRUCTIONS LISTED ON THE BACK OF THE CLAIM FORM CAREFULLY WHEN SUBMITTING A CLAIM TO CIGNA.

Timely Filing of Out-of-Network Claims

Cigna will consider claims for coverage under our plans when proof of loss (a claim) is submitted within 180 days for Out-of-Network benefits after services are rendered. If services are rendered on consecutive days, such as for a Hospital Confinement, the limit will be counted from the last date of service. If claims are not submitted within 180 days for Out-of-Network benefits, the claim will not be considered valid and will be denied.
WARNING: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information; or conceals for the purpose of misleading, information concerning any material fact thereto, commits a fraudulent insurance act.

Eligibility - Effective Date

Employee Insurance
This plan is offered to you as an Employee.

Eligibility for Employee Insurance
You will become eligible for insurance on the day you complete the waiting period if:
• you are in a Class of Eligible Employees; and
• you are an eligible, full-time Employee; and
• you normally work at least 30 hours a week; and
• you pay any required contribution.

If you were previously insured and your insurance ceased, you must satisfy the Waiting Period to become insured again. If your insurance ceased because you were no longer employed in a Class of Eligible Employees, you are not required to satisfy any waiting period if you again become a member of a Class of Eligible Employees within one year after your insurance ceased.

Eligibility for Dependent Insurance
You will become eligible for Dependent insurance on the later of:
• the day you become eligible for yourself; or
• the day you acquire your first Dependent.

Waiting Period
None.

Classes of Eligible Employees
Each Employee as reported to the insurance company by your Employer.

Effective Date of Employee Insurance
You will become insured on the date you elect the insurance by signing an approved payroll deduction or enrollment form, as applicable, no earlier than the date you become eligible. You will become insured on your first day of eligibility, following your election, if you are in Active Service on that date, or if you are not in Active Service on that date due to your health status.

Late Entrant - Employee
You are a Late Entrant if:
• you elect the insurance more than 31 days after you become eligible; or
• you again elect it after you cancel your payroll deduction (if required).

Dependent Insurance
For your Dependents to be insured, you will have to pay the required contribution, if any, toward the cost of Dependent Insurance.

Effective Date of Dependent Insurance
Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form (if required), but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included.

Your Dependents will be insured only if you are insured.

Late Entrant – Dependent
You are a Late Entrant for Dependent Insurance if:
• you elect that insurance more than 31 days after you become eligible for it; or
• you again elect it after you cancel your payroll deduction (if required).

Exception for Newborns
Any Dependent child born while you are insured will become insured on the date of his birth if you elect Dependent Insurance no later than 60 days after his birth. If you do not elect to insure your newborn child within such 60 days, no benefits for expenses incurred will be payable for that child.

Important Information About Your Medical Plan
Details of your medical benefits are described on the following pages.

Opportunity to Select a Primary Care Physician
Choice of Primary Care Physician:
This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care
Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:
You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

In addition, if at any time a Primary Care Physician ceases to be a Participating Provider, you or your Dependent will be notified for the purpose of selecting a new Primary Care Physician.
Open Access Plus In-Network Medical Benefits

<table>
<thead>
<tr>
<th>For You and Your Dependents</th>
</tr>
</thead>
<tbody>
<tr>
<td>Open Access Plus In-Network Medical Benefits provide coverage for care In-Network. To receive Open Access Plus In-Network Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Deductible or Coinsurance. When you receive services from an In-Network Provider, remind your provider to utilize In-Network Providers for x-rays, lab tests and other services to ensure the cost may be considered at the In-Network level. If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.</td>

</table>
Open Access Plus In-Network Medical Benefits

The Schedule

Out-of-Network Emergency Services Charges
1. Emergency services are covered at the In-Network cost-sharing level if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used in determining benefit payments for covered emergency services provided in the emergency department of a non-participating (Out-of-Network) Hospital is the negotiated amount agreed to by the Out-of-Network provider and Cigna, or if no amount is agreed upon, the greater of the following:
   (i) the median amount negotiated with In-Network providers for the emergency service (excluding In-Network copay or coinsurance);
   (ii) the Maximum Reimbursable Charge; or
   (iii) the amount payable under the Medicare program (not to exceed the provider’s billed charges).

The member is responsible for the applicable In-Network cost-sharing amounts. The member also is responsible for all charges in excess of the allowable amount unless a negotiated amount is agreed to by the Out-of-Network provider and Cigna.

### BENEFIT HIGHLIGHTS

#### Infertility Treatment
Services Not Covered include:
- Testing performed specifically to determine the cause of infertility.
- Treatment and/or procedures performed specifically to restore fertility (e.g. procedures to correct an infertility condition).
- Artificial means of becoming pregnant (e.g. Artificial Insemination, In-vitro, GIFT, ZIFT, etc).

**Note:** Coverage will be provided for the treatment of an underlying medical condition up to the point an infertility condition is diagnosed. Services will be covered as any other illness.

#### Organ Transplants
Includes all medically appropriate, non-experimental transplants

### Benefit Highlights

#### Treatment Resulting From Life Threatening Emergencies
Medical treatment required as a result of an emergency, such as a suicide attempt, will be considered a medical expense until the medical condition is stabilized. Once the medical condition is stabilized, whether the treatment will be characterized as either a medical expense or a mental health/substance use disorder expense will be determined by the utilization review Physician in accordance with the applicable mixed services claim guidelines.

</table>
Open Access Plus In-Network Medical Benefits

Prior Authorization/Pre-Authorized

The term Prior Authorization means the approval that a Participating Provider must receive from the Review Organization, prior to services being rendered, in order for certain services and benefits to be covered under this policy.

Services that require Prior Authorization include, but are not limited to:
- inpatient Hospital services, except for 48/96 hour maternity stays;
- inpatient services at any participating Other Health Care Facility;
- residential treatment;
- outpatient facility services;
- Partial Hospitalization;
- intensive outpatient programs;
- advanced radiological imaging;
- non-emergency ambulance;
- certain Medical Pharmaceuticals; or
- transplant services.

Covered Expenses

The term Covered Expenses means the expenses incurred by or on behalf of a person for the charges listed below if they are incurred after he becomes insured for these benefits. Expenses incurred for such charges are considered Covered Expenses to the extent that the services or supplies provided are recommended by a Physician, and are Medically Necessary for the care and treatment of an Injury or a Sickness, as determined by Cigna. Any applicable Copayments, Deductibles or limits are shown in The Schedule.

Covered Expenses
- charges made by a Hospital, on its own behalf, for medical care and treatment received as an outpatient.
- charges made by a Free-Standing Surgical Facility, on its own behalf for medical care and treatment.
- charges made on its own behalf, by an Other Health Care Facility, including a Skilled Nursing Facility, a Rehabilitation Hospital or a subacute facility for medical care and treatment, except that for any day of Other Health Care Facility confinement, Covered Expenses will not include that portion of charges which are in excess of the Other Health Care Facility Daily Limit shown in The Schedule.
- charges made for Emergency Services and Urgent Care.
- charges made by a Physician or a Psychologist for professional services.
- charges made by a Nurse, other than a member of your family or your Dependent’s family, for professional nursing service.
- charges made for anesthetics and their administration; diagnostic x-ray and laboratory examinations; x-ray, radium, and radioactive isotope treatment; chemotherapy; blood transfusions; oxygen and other gases and their administration.
- charges made for a annual prostate-specific antigen test (PSA).
- charges made for laboratory services, radiation therapy and other diagnostic and therapeutic radiological procedures.
- charges made for Family Planning, including medical history, physical exam, related laboratory tests, medical supervision in accordance with generally accepted medical practices, other medical services, information and counseling on contraception, implanted/injected contraceptives, after appropriate counseling, medical services connected with surgical therapies (tubal ligations, vasectomies).
- charges made for the following preventive care services (detailed information is available at www.healthcare.gov.):
  (1) evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force;
  (2) immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and
Prevention with respect to the Covered Person involved;

(3) for infants, children, and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration;

(4) for women, such additional preventive care and screenings not described in paragraph (1) as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

• charges made for surgical or nonsurgical treatment of Temporomandibular Joint Dysfunction.

• charges made for hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.

• includes charges for the delivery of medical and health-related consultations via secure telecommunications technologies, including telephones and internet, when delivered through a contracted medical telehealth provider.

• charges made for an acquired brain injury including: cognitive rehabilitation therapy; cognitive communication therapy; neurocognitive therapy and rehabilitation; neurobehavioral, neurophysiological, neuropsychological and psychophysiological testing and treatment; neurofeedback therapy and remediation; post-acute transition services and community reintegration services, including outpatient day treatment services or other post-acute care treatment services; and reasonable expenses related to periodic reevaluation of the care of an individual covered under the plan who has incurred an acquired brain injury, has been unresponsive to treatment, and becomes responsive to treatment at a later date, at which time the cognitive rehabilitation services would be a covered benefit.

• charges made for or in connection with annual diagnostic examinations for the detection of prostate cancer, regardless of medical necessity; and a prostate-specific antigen (PSA) test for a man who is at least 50 years of age and asymptomatic or at least 40 years of age with a family history of prostate cancer, or another prostate risk factor.

• charges for or in connection with a medically recognized screening exam for the detection of colorectal cancer for each insured who is at least 50 years of age and at normal risk for developing colon cancer. Coverage will include: an annual fecal occult blood test; and either a flexible sigmoidoscopy performed every five years; or a colonoscopy performed every 10 years.

• charges made for contraceptives, other than oral contraceptives. Refer to the Prescription Drug Benefits section for information regarding coverage on oral contraceptives.

• charges made for all generally recognized services prescribed in relation to Autism Spectrum Disorder for Dependent children through age 9. Such coverage must be prescribed by a Physician in a treatment plan and shall include evaluation and assessment services; applied behavior analysis; behavior training and behavior management; speech therapy; occupational therapy; physical therapy; or medications or nutritional supplements used to address symptoms of autism spectrum disorder.

Autism Spectrum Disorder means a neurobiological disorder that includes autism, Asperger's syndrome, or Pervasive Developmental Disorder--Not Otherwise Specified. Neurobiological disorder means an illness of the nervous system caused by genetic, metabolic, or other biological factors.

• charges made for all generally recognized services prescribed in relation to Autism Spectrum Disorder for Dependent children through age 9. Such coverage must be prescribed by a Physician in a treatment plan and shall include evaluation and assessment services; applied behavior analysis; behavior training and behavior management; speech therapy; occupational therapy; physical therapy; or medications or nutritional supplements used to address symptoms of autism spectrum disorder.

• charges for a drug that has been prescribed for the treatment of a covered chronic, disabling or life-threatening Sickness, provided that drug is Food and Drug (FDA) approved for at least one indication and is recognized for treatment in one of the standard reference compendia (The United States Pharmacopoeia Drug Information, The American Medical Association Drug Evaluations, or the American Hospital Formulary Service Drug Information) or supported by articles in accepted, peer-reviewed medical literature. Coverage will also be provided for any medical services necessary to administer the drug.

• charges for immunizations for children from birth through age 5. These immunizations will include: diphtheria; Haemophilus influenzae type b; hepatitis B; measles; mumps; pertussis; polio; rubella; tetanus; varicella (chicken pox); rotavirus; and any other children's immunizations required by the State Board of Health. A deductible, copayment, or coinsurance is not required for immunizations.

• charges made for reconstructive surgery of craniofacial abnormalities for a child who is younger than 18 years of age to improve the function of, or to attempt to create a normal appearance for an abnormal structure caused by congenital defects, developmental deformities, trauma, tumors, infection or disease.

• charges for a screening test for hearing loss from birth through the date the child is 30 days old, and necessary diagnostic follow-up care related to the screening test from
birth through the date the child is 24 months old without application of a deductible.

- charges for diagnostic and surgical treatment for conditions affecting temporomandibular joint and craniomandibular disorders which are a result of: an accident; trauma; a congenital defect; a developmental defect; or a pathology.

- charges made for annual mammogram for women 35 years of age and older.

- charges for a minimum of 48 hours of inpatient care following a mastectomy and a minimum 24 hours following a lymph node dissection for the treatment of breast cancer. A shorter period of inpatient care may be deemed acceptable if the insured consults with the Physician and both agree it is appropriate.

- charges made for an annual medically recognized diagnostic examination for the early detection of cervical cancer for each covered female age 18 and over. Such coverage shall include at a minimum: a conventional Pap smear screening; or a screening using liquid-based cytology methods, as approved by the United States Food and Drug Administration, alone or in combination with a test approved by the United States Food and Drug Administration for the detection of the human papillomavirus.

**Diabetes**

The following benefits will apply to insulin and non-insulin dependent diabetics as well as covered individuals who have elevated blood sugar levels due to pregnancy or other medical conditions:

**Diabetes Equipment and Supplies:**

- Blood glucose monitors, including those designed to be used by the legally blind;
- Test strips specified for use with a corresponding glucose monitor;
- Lancets and lancet devices;
- Visual reading strips and urine testing strips and tablets which test for glucose, ketones and protein;
- Insulin and insulin analog preparations;
- Injection aids, including devices used to assist with insulin injection and needleless systems;
- Insulin syringes;
- Biohazard disposal containers;
- Insulin pumps, both external and implantable, and associated appurtenances which include insulin infusion devices, batteries, skin preparation items, adhesive supplies, infusion sets, insulin cartridges, durable and disposable devices to assist in the injection of insulin, and other required disposable supplies;
- Repairs and necessary maintenance of insulin pumps (not otherwise provided under warranty) and rental fees for pumps during the repair and maintenance. This shall not exceed the purchase price of a similar replacement pump;
- Prescription and non-prescription medications for controlling blood sugar level;
- Podiatric appliances, including up to two pair of therapeutic footwear per year, for the prevention of complications associated with diabetes;
- Glucagon emergency kits.

If determined as medically necessary by a treating physician, new or improved treatment and monitoring equipment or supplies (approved by the FDA) shall be covered.

The training program for diabetes self-management shall be recognized by the American Diabetes Association and shall be performed by a certified diabetes educator (CDE), a multidisciplinary team coordinated by a CDE (e.g., a dietician, nurse educator, pharmacist, social worker), or a licensed healthcare professional (e.g., physician, physician assistant, registered nurse, registered dietician, pharmacist) determined by his or her licensing board to have recent experience in diabetes clinical and educational issues. All individuals providing training must be certified, licensed or registered to provide appropriate health care services in Texas.

Self-management training shall include the development of an individual plan, created in collaboration with the member, that addresses:

- Nutrition and weight evaluation;
- Medications;
- An exercise regimen;
- Glucose and lipid control;
- High risk behaviors;
- Frequency of hypoglycemia and hyperglycemia;
- Compliance with applicable aspects of self-care;
- Follow-up on referrals;
- Psychological adjustment;
- General knowledge of diabetes;
- Self-management skills;
- Referral for a funduscopic eye exam.

This training shall be provided/covered upon the initial diagnosis of diabetes or, the written order of the practitioner/physician when a change in symptoms or conditions warrant a change in the self-management regime or, the written order of a practitioner/physician that periodic or episodic continuing education is needed.
The study or investigation must:

- charges for a service provided through Telemedicine for diagnosis, consultation, treatment, transfer of medical data, and medical education.

These benefits may not be subject to a greater deductible, copayment, or coinsurance than for the same service under this plan provided through a face-to-face consultation.

The term Telemedicine means the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical data, and medical education through the use of interactive audio, video, or other electronic media. It does not include the use of telephone or fax.

**Covered Expenses – Mental Health and Substance Use Disorder**

- behavioral consultations and services via secure telecommunications technologies that shall include video capability, including telephones and internet, when delivered through a behavioral provider.

**Clinical Trials**

This benefit plan covers routine patient care costs related to a qualified clinical trial for an individual who meets the following requirements:

(a) is eligible to participate in an approved clinical trial according to the trial protocol with respect to treatment of cancer or other life-threatening disease or condition; and

(b) either

- the referring health care professional is a participating health care provider and has concluded that the individual’s participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a); or

- the individual provides medical and scientific information establishing that the individual’s participation in such trial would be appropriate based upon the individual meeting the conditions described in paragraph (a).

For purposes of clinical trials, the term “life-threatening disease or condition” means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

The clinical trial must meet the following requirements:

The study or investigation must:

- be approved or funded by any of the agencies or entities authorized by federal law to conduct clinical trials;

- be conducted under an investigational new drug application reviewed by the Food and Drug Administration; or

- involve a drug trial that is exempt from having such an investigational new drug application.

Routine patient care costs are costs associated with the provision of health care items and services including drugs, items, devices and services otherwise covered by this benefit plan for an individual who is not enrolled in a clinical trial and, in addition:

- charges required solely for the provision of the investigational drug, item, device or service;

- charges for the clinically appropriate monitoring of the investigational drug, device, item or service;

- charges for the prevention of complications arising from the provision of the investigational drug, device, item or service; and

- reasonable and necessary care arising from the provision of the investigational drug, device, item or service, including the diagnosis or treatment of complications.

Routine patient care costs do not include:

- the investigational drug, item, device, or service, itself; or

- items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.

If your plan includes In-Network providers, Clinical trials conducted by non-participating providers will be covered at the In-Network benefit level if:

- there are not In-Network providers participating in the clinical trial that are willing to accept the individual as a patient, or

- the clinical trial is conducted outside the individual’s state of residence.

Charges made for routine patient care costs in connection with a phase I, II, III or IV clinical trial if the clinical trial is conducted in relation to the prevention, detection or treatment of a life threatening disease or condition. The clinical trial must be approved by: the Centers for Disease Control and Prevention of the U.S. Department of Health and Human Services; the National Institutes of Health; the U.S. Food and Drug Administration; the U.S. Department of Defense; the U.S. Department of Veterans Affairs; or an institutional review board of an institution in this state that has an agreement with the Office for Human Research Protections of the U.S. Department of Health and Human Services.

**Genetic Testing**

Charges made for genetic testing that uses a proven testing method for the identification of genetically-linked inheritable disease. Genetic testing is covered only if:

- a person has symptoms or signs of a genetically-linked inheritable disease;

- it has been determined that a person is at risk for carrier status as supported by existing peer-reviewed, evidence-based, scientific literature for the development of a
genetically-linked inheritable disease when the results will impact clinical outcome; or
- the therapeutic purpose is to identify specific genetic mutation that has been demonstrated in the existing peer-reviewed, evidence-based, scientific literature to directly impact treatment options.

Pre-implantation genetic testing, genetic diagnosis prior to embryo transfer, is covered when either parent has an inherited disease or is a documented carrier of a genetically-linked inheritable disease.

Genetic counseling is covered if a person is undergoing approved genetic testing, or if a person has an inherited disease and is a potential candidate for genetic testing. Genetic counseling is limited to 3 visits per calendar year for both pre- and post-genetic testing. The visit limit does not apply to genetic counseling related to treatment of mental health and/or substance use disorders.

**Nutritional Evaluation**
Charges made for nutritional evaluation and counseling when diet is a part of the medical management of a documented organic disease.

**Internal Prosthetic/Medical Appliances**
Charges made for internal prosthetic/medical appliances that provide permanent or temporary internal functional supports for nonfunctional body parts are covered. Medically Necessary repair, maintenance or replacement of a covered appliance is also covered.

**Obesity Treatment**
- charges made for medical and surgical services only at approved centers for the treatment or control of clinically severe (morbid) obesity as defined below and if the services are demonstrated, through existing peer reviewed, evidence based, scientific literature and scientifically based guidelines, to be safe and effective for the treatment or control of the condition. Clinically severe (morbid) obesity is defined by the National Heart, Lung and Blood Institute (NHLBI) as a Body Mass Index (BMI) of 40 or greater without comorbidities, or a BMI of 35-39 with comorbidities. The following items are specifically excluded:
  - medical and surgical services to alter appearances or physical changes that are the result of any medical or surgical services performed for the treatment or control of obesity or clinically severe (morbid) obesity; and
  - weight loss programs or treatments, whether or not they are prescribed or recommended by a Physician or under medical supervision.

**Orthognathic Surgery**
- orthognathic surgery to repair or correct a severe facial deformity or disfigurement that orthodontics alone cannot correct, provided:
  - the deformity or disfigurement is accompanied by a documented clinically significant functional impairment, and there is a reasonable expectation that the procedure will result in meaningful functional improvement; or
  - the orthognathic surgery is Medically Necessary as a result of tumor, trauma, disease; or
  - the orthognathic surgery is performed prior to age 19 and is required as a result of severe congenital facial deformity or congenital condition.

Repeat or subsequent orthognathic surgeries for the same condition are covered only when the previous orthognathic surgery met the above requirements, and there is a high probability of significant additional improvement as determined by the utilization review Physician.

**Cardiac Rehabilitation**
- Phase II cardiac rehabilitation provided on an outpatient basis following diagnosis of a qualifying cardiac condition when Medically Necessary. Phase II is a Hospital-based outpatient program following an inpatient Hospital discharge. The Phase II program must be Physician directed with active treatment and EKG monitoring.

Phase III and Phase IV cardiac rehabilitation is not covered. Phase III follows Phase II and is generally conducted at a recreational facility primarily to maintain the patient’s status achieved through Phases I and II. Phase IV is an advancement of Phase III which includes more active participation and weight training.
Home Health Services

- charges made for Home Health Services when you: require skilled care; are unable to obtain the required care as an ambulatory outpatient; and do not require confinement in a Hospital or Other Health Care Facility.

Home Health Services are provided only if Cigna has determined that the home is a medically appropriate setting. If you are a minor or an adult who is dependent upon others for nonskilled care and/or custodial services (e.g., bathing, eating, toileting), Home Health Services will be provided for you only during times when there is a family member or care giver present in the home to meet your nonskilled care and/or custodial services needs.

Home Health Services are those skilled health care services that can be provided during visits by Other Health Care Professionals. The services of a home health aide are covered when rendered in direct support of skilled health care services provided by Other Health Care Professionals. A visit is defined as a period of 2 hours or less. Home Health Services are subject to a maximum of 16 hours in total per day. Necessary consumable medical supplies and home infusion therapy administered or used by Other Health Care Professionals in providing Home Health Services are covered. Home Health Services do not include services by a person who is a member of your family or your Dependent’s family or who normally resides in your house or your Dependent’s house even if that person is an Other Health Care Professional. Skilled nursing services or private duty nursing services provided in the home are subject to the Home Health Services benefit terms, conditions and benefit limitations. Physical, occupational, and speech therapy, and other Short-Term Rehabilitative Therapy services provided in the home are not subject to the Home Health Services benefit limitations in the Schedule, but are subject to the benefit limitations described under Short-term Rehabilitative Therapy Maximum shown in The Schedule.

- by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
- for pain relief treatment, including drugs, medicines and medical supplies;
- by an Other Health Care Facility for:
  - part-time or intermittent nursing care by or under the supervision of a Nurse;
  - part-time or intermittent services of an Other Health Care Professional;
- physical, occupational and speech therapy;
- medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent’s family or who normally resides in your house or your Dependent’s house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

Hospice Care Services

- charges made for a person who has been diagnosed as having six months or fewer to live, due to Terminal Illness, for the following Hospice Care Services provided under a Hospice Care Program:
  - by a Hospice Facility for Bed and Board and Services and Supplies;
  - by a Hospice Facility for services provided on an outpatient basis;
  - by a Physician for professional services;
  - by a Psychologist, social worker, family counselor or ordained minister for individual and family counseling;
  - for pain relief treatment, including drugs, medicines and medical supplies;
  - by an Other Health Care Facility for:
    - part-time or intermittent nursing care by or under the supervision of a Nurse;
    - part-time or intermittent services of an Other Health Care Professional;
  - physical, occupational and speech therapy;
  - medical supplies; drugs and medicines lawfully dispensed only on the written prescription of a Physician; and laboratory services; but only to the extent such charges would have been payable under the policy if the person had remained or been Confined in a Hospital or Hospice Facility.

The following charges for Hospice Care Services are not included as Covered Expenses:

- for the services of a person who is a member of your family or your Dependent’s family or who normally resides in your house or your Dependent’s house;
- for any period when you or your Dependent is not under the care of a Physician;
- for services or supplies not listed in the Hospice Care Program;
- for any curative or life-prolonging procedures;
- to the extent that any other benefits are payable for those expenses under the policy;
- for services or supplies that are primarily to aid you or your Dependent in daily living.

Mental Health and Substance Use Disorder Services

Mental Health Services are services that are required to treat a disorder that impairs the behavior, emotional reaction or thought processes. In determining benefits payable, charges made for the treatment of any physiological conditions related to Mental Health will not be considered to be charges made for treatment of Mental Health.

Substance Use Disorder is defined as the psychological or physical dependence on alcohol or other mind-altering drugs that requires diagnosis, care, and treatment. In determining benefits payable, charges made for the treatment of any physiological conditions related to rehabilitation services for alcohol or drug abuse or addiction will not be considered to be charges made for treatment of Substance Use Disorder.
Inpatient Mental Health Services
Services that are provided by a Hospital while you or your Dependent is Confined in a Hospital for the treatment and evaluation of Mental Health. Inpatient Mental Health Services include Mental Health Residential Treatment Services.

Mental Health Residential Treatment Services are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Mental Health conditions.

Mental Health Residential Treatment Center means an institution which specializes in the treatment of psychological and social disturbances that are the result of Mental Health conditions; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Mental Health Residential Treatment Center when she/he is a registered bed patient in a Mental Health Residential Treatment Center upon the recommendation of a Physician.

Outpatient Mental Health Services
Services of Providers who are qualified to treat Mental Health when treatment is provided on an outpatient basis, while you or your Dependent is not Confined in a Hospital, and is provided in an individual, group or Mental Health Partial Hospitalization or Intensive Outpatient Therapy Program. Covered services include, but are not limited to, outpatient treatment of conditions such as: anxiety or depression which interfere with daily functioning; emotional adjustment or concerns related to chronic conditions, such as psychosis or depression; emotional reactions associated with marital problems or divorce; child/adolescent problems of conduct or poor impulse control; affective disorders; suicidal or homicidal threats or acts; eating disorders; or acute exacerbation of chronic Mental Health conditions (crisis intervention and relapse prevention) and outpatient testing and assessment.

Mental Health Partial Hospitalization Services are rendered not less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Mental Health program in accordance with the laws of the appropriate legally authorized agency.

A Mental Health Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Mental Health program in accordance with the laws of the appropriate, legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine or more hours in a week.

Inpatient Substance Use Disorder Rehabilitation Services
Services provided for rehabilitation, while you or your Dependent is Confined in a Hospital, when required for the diagnosis and treatment of abuse or addiction to alcohol and/or drugs. Inpatient Substance Use Disorder Services include Residential Treatment services.

Substance Use Disorder Residential Treatment Services
are services provided by a Hospital for the evaluation and treatment of the psychological and social functional disturbances that are a result of subacute Substance Use Disorder conditions.

Substance Use Disorder Residential Treatment Center
means an institution which specializes in the treatment of psychological and social disturbances that are the result of Substance Use Disorder; provides a subacute, structured, psychotherapeutic treatment program, under the supervision of Physicians; provides 24-hour care, in which a person lives in an open setting; and is licensed in accordance with the laws of the appropriate legally authorized agency as a residential treatment center.

A person is considered confined in a Substance Use Disorder Residential Treatment Center when she/he is a registered bed patient in a Substance Use Disorder Residential Treatment Center upon the recommendation of a Physician.

Outpatient Substance Use Disorder Rehabilitation Services
Services provided for the diagnosis and treatment of Substance Use Disorder or addiction to alcohol and/or drugs, while you or your Dependent is not Confined in a Hospital, including outpatient rehabilitation in an individual, or a Substance Use Disorder Partial Hospitalization or Intensive Outpatient Therapy Program.

Substance Use Disorder Partial Hospitalization Services are rendered no less than 4 hours and not more than 12 hours in any 24-hour period by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency.

A Substance Use Disorder Intensive Outpatient Therapy Program consists of distinct levels or phases of treatment that are provided by a certified/licensed Substance Use Disorder program in accordance with the laws of the appropriate legally authorized agency. Intensive Outpatient Therapy Programs provide a combination of individual, family and/or group therapy in a day, totaling nine, or more hours in a week.

Substance Use Disorder Detoxification Services
Detoxification and related medical ancillary services are provided when required for the diagnosis and treatment of addiction to alcohol and/or drugs. Cigna will decide, based on the Medical Necessity of each situation, whether such services will be provided in an inpatient or outpatient setting.
Exclusions

The following are specifically excluded from Mental Health and Substance Use Disorder Services:

- treatment of disorders which have been diagnosed as organic mental disorders associated with permanent dysfunction of the brain.
- developmental disorders, including but not limited to, developmental reading disorders, developmental arithmetic disorders, developmental language disorders or developmental articulation disorders.
- counseling for activities of an educational nature.
- counseling for occupational problems.
- counseling related to consciousness raising.
- vocational or religious counseling.
- I.Q. testing.
- custodial care, including but not limited to geriatric day care.
- psychological testing on children requested by or for a school system.
- occupational/recreational therapy programs even if combined with supportive therapy for age-related cognitive decline.

Durable Medical Equipment

- charges made for purchase or rental of Durable Medical Equipment that is ordered or prescribed by a physician and provided by a vendor approved by Cigna for use outside a Hospital or Other Health Care Facility. Coverage for repair, replacement or duplicate equipment is provided only when required due to anatomical change and/or reasonable wear and tear. All maintenance and repairs that result from a person’s misuse are the person’s responsibility. Coverage for Durable Medical Equipment is limited to the lowest-cost alternative as determined by the utilization review physician.

Durable Medical Equipment is defined as items which are designed for and able to withstand repeated use by more than one person; customarily serve a medical purpose; generally are not useful in the absence of injury or sickness; are appropriate for use in the home; and are not disposable. Such equipment includes, but is not limited to, crutches, hospital beds, respirators, wheel chairs, and dialysis machines.

Durable Medical Equipment items that are not covered include but are not limited to those that are listed below:

- **Bed Related Items**: bed trays, over the bed tables, bed wedges, pillows, custom bedroom equipment, mattresses, including nonpower mattresses, custom mattresses and posturepedic mattresses.
- **Bath Related Items**: bath lifts, nonportable whirlpools, bathtub rails, toilet rails, raised toilet seats, bath benches, bath stools, hand held showers, paraffin baths, bath mats, and spas.
- **Chairs, Lifts and Standing Devices**: computerized or gyroscopic mobility systems, roll about chairs, geriatric chairs, hip chairs, seat lifts (mechanical or motorized), patient lifts (mechanical or motorized – manual hydraulic lifts are covered if patient is two-person transfer), and auto tilt chairs.
- **Fixtures to Real Property**: ceiling lifts and wheelchair ramps.
- **Car/Van Modifications**.
- **Air Quality Items**: room humidifiers, vaporizers, air purifiers and electrostatic machines.
- **Blood/Injection Related Items**: blood pressure cuffs, centrifuges, nova pens and needleless injectors.
- **Other Equipment**: heat lamps, heating pads, cryounits, cryotherapy machines, electronic-controlled therapy units, ultraviolet cabinets, sheepskin pads and boots, postural drainage board, AC/DC adaptors, enuresis alarms, magnetic equipment, scales (baby and adult), stair gliders, elevators, saunas, any exercise equipment and diathermy machines.

External Prosthetic Appliances and Devices

- charges made or ordered by a Physician for: the initial purchase and fitting of external prosthetic appliances and devices available only by prescription which are necessary for the alleviation or correction of Injury, Sickness or congenital defect. Coverage for External Prosthetic Appliances is limited to the most appropriate and cost effective alternative as determined by the utilization review physician.

External prosthetic appliances and devices shall include prostheses/prosthetic appliances and devices, orthoses and orthotic devices; braces; and splints.

Prostheses/Prosthetic Appliances and Devices

Prostheses/prosthetic appliances and devices are defined as fabricated replacements for missing body parts.
Prostheses/prosthetic appliances and devices include, but are not limited to:
• basic limb prostheses;
• terminal devices such as hands or hooks; and
• speech prostheses.

Orthoses and Orthotic Devices
Orthoses and orthotic devices are defined as orthopedic appliances or apparatuses used to support, align, prevent or correct deformities. Coverage is provided for custom foot orthoses and other orthoses as follows:
• Nonfoot orthoses – only the following nonfoot orthoses are covered:
  • rigid and semirigid custom fabricated orthoses;
  • semirigid prefabricated and flexible orthoses; and
  • rigid prefabricated orthoses including preparation, fitting and basic additions, such as bars and joints.
• Custom foot orthoses – custom foot orthoses are only covered as follows:
  • for persons with impaired peripheral sensation and/or altered peripheral circulation (e.g. diabetic neuropathy and peripheral vascular disease);
  • when the foot orthosis is an integral part of a leg brace and is necessary for the proper functioning of the brace;
  • when the foot orthosis is for use as a replacement or substitute for missing parts of the foot (e.g. amputated toes) and is necessary for the alleviation or correction of Injury, Sickness or congenital defect; and
  • for persons with neurologic or neuromuscular condition (e.g. cerebral palsy, hemiplegia, spina bifida) producing spasticity, malalignment, or pathological positioning of the foot and there is reasonable expectation of improvement.

The following are specifically excluded orthoses and orthotic devices:
• prefabricated foot orthoses;
• cranial banding and/or cranial orthoses. Other similar devices are excluded except when used postoperatively for synostotic plagiocephaly. When used for this indication, the cranial orthosis will be subject to the limitations and maximums of the External Prosthetic Appliances and Devices benefit;
• orthosis shoes, shoe additions, procedures for foot orthopedic shoes, shoe modifications and transfers;
• orthoses primarily used for cosmetic rather than functional reasons; and
• orthoses primarily for improved athletic performance or sports participation.

Braces
A Brace is defined as an orthosis or orthopedic appliance that supports or holds in correct position any movable part of the body and that allows for motion of that part.

The following braces are specifically excluded: Copes scoliosis braces.

Splints
A Splint is defined as an appliance for preventing movement of a joint or for the fixation of displaced or movable parts.

Coverage for replacement of external prosthetic appliances and devices is limited to the following:
• replacement due to regular wear. Replacement for damage due to abuse or misuse by the person will not be covered.
• replacement will be provided when anatomic change has rendered the external prosthetic appliance or device ineffective. Anatomic change includes significant weight gain or loss, atrophy and/or growth.
• Coverage for replacement is limited as follows:
  • no more than once every 24 months for persons 19 years of age and older;
  • no more than once every 12 months for persons 18 years of age and under; and
  • replacement due to a surgical alteration or revision of the site.

The following are specifically excluded external prosthetic appliances and devices:
• external and internal power enhancements or power controls for prosthetic limbs and terminal devices; and
• myoelectric prostheses peripheral nerve stimulators.

Short-Term Rehabilitative Therapy
Short-term Rehabilitative Therapy that is part of a rehabilitation program, including physical, speech, occupational, cognitive, osteopathic manipulative, and pulmonary rehabilitation therapy, when provided in the most medically appropriate setting.

The following limitation applies to Short-term Rehabilitative Therapy:
• occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Illness or Injury or Sickness.
Short-term Rehabilitative Therapy services that are not covered include but are not limited to:

- sensory integration therapy, group therapy; treatment of dyslexia; behavior modification or myofunctional therapy for dysfluency, such as stuttering or other involuntarily acted conditions without evidence of an underlying medical condition or neurological disorder;
- treatment for functional articulation disorder such as correction of tongue thrust, lisp, verbal apraxia or swallowing dysfunction that is not based on an underlying diagnosed medical condition or Injury; and
- maintenance or preventive treatment consisting of routine, long term or non-Medically Necessary care provided to prevent recurrence or to maintain the patient’s current status.

Multiple outpatient services provided on the same day constitute one day.

Services that are provided by a chiropractic Physician are not covered. These services include the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.

**Chiropractic Care Services**

Charges made for diagnostic and treatment services utilized in an office setting by chiropractic Physicians. Chiropractic treatment includes the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain, and improve function. For these services you have direct access to qualified chiropractic Physicians.

The following limitation applies to Chiropractic Care Services:

- occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Injury or Sickness.

Chiropractic Care Services that are not covered include but are not limited to:

- services of a chiropractor which are not within his scope of practice, as defined by state law;
- charges for care not provided in an office setting;
- maintenance or preventive treatment consisting of routine, long term or non-Medically Necessary care provided to prevent recurrence or to maintain the patient’s current status;
- vitamin therapy.

**Breast Reconstruction and Breast Prostheses**

- charges made for reconstructive surgery following a mastectomy; benefits include: surgical services for reconstruction of the breast on which surgery was performed; surgical services for reconstruction of the nondiseased breast to produce symmetrical appearance; postoperative breast prostheses; and mastectomy bras and external prosthetics, limited to the lowest cost alternative available that meets external prosthesis placement needs. During all stages of mastectomy, treatment of physical complications, including lymphedema therapy, are covered.

**Reconstructive Surgery**

- charges made for reconstructive surgery or therapy to repair or correct a severe physical deformity or disfigurement which is accompanied by functional deficit; (other than abnormalities of the jaw or conditions related to TMJ disorder) provided that: the surgery or therapy restores or improves function; reconstruction is required as a result of Medically Necessary, noncosmetic surgery; or the surgery or therapy is performed prior to age 19 and is required as a result of the congenital absence or agenesis (lack of formation or development) of a body part.

**Transplant Services**

- charges made for human organ and tissue Transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient’s medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral.

All Transplant services, other than cornea, are covered at 100% when received at Cigna LIFESOURCE Transplant Network® facilities. Cornea transplants are not covered at Cigna LIFESOURCE Transplant Network® facilities. Transplant services, including cornea, received at participating facilities specifically contracted with Cigna for those Transplant services, other than Cigna LIFESOURCE Transplant Network® facilities, are payable at the In-Network level. Transplant services received at any other facilities, including Non-Participating Providers and Participating
Providers not specifically contracted with Cigna for Transplant services, are not covered.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of surgery necessary for organ removal, organ transportation and the transportation (refer to Transplant Travel Services), hospitalization and surgery of a live donor. Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Transplant Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a preapproved organ/tissue transplant are covered subject to the following conditions and limitations. Transplant travel benefits are not available for cornea transplants. Benefits for transportation and lodging are available to you only if you are the recipient of a preapproved organ/tissue transplant from a designated Cigna LIFESOURCE Transplant Network® facility. The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care. Travel expenses for the person receiving the transplant will include charges for: transportation to and from the transplant site (including charges for a rental car used during a period of care at the transplant facility); and lodging while at, or traveling to and from the transplant site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age. The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above. Charges for the expenses of a donor companion are not covered. No benefits are available when the covered person is a donor.

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that are administered in an Inpatient setting, Outpatient setting, Physician’s office, or in a covered person’s home.

Benefits under this section are provided only for Medical Pharmaceuticals which, due to their characteristics (as determined by Cigna), are required to be administered, or the administration of which must be directly supervised, by a qualified Physician. Benefits payable under this section include Medical Pharmaceuticals whose administration may initially, or typically, require Physician oversight but may be self-administered under certain conditions specified in the product’s FDA labeling.

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive benefits for such Medical Pharmaceuticals, you are required to try a different Medical Pharmaceutical and/or Prescription Drug Product first.

The Cigna Business Decision Team determines whether utilization management requirements or other coverage conditions should apply to a Medical Pharmaceutical by considering a number of factors, including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee’s evaluations of the place in therapy, relative safety or relative efficacy of Medical Pharmaceuticals as well as whether utilization management requirements should apply. Economic factors may include, but are not limited to, the Medical Pharmaceutical’s cost including, but not limited to, assessments on the cost effectiveness of the Medical Pharmaceuticals and available rebates. When considering a Medical Pharmaceutical for a coverage status, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business. Regardless of its eligibility for coverage under your plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you (or your Dependent) and the prescribing Physician.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.
Prescription Drug Benefits
The Schedule

For You and Your Dependents
This plan provides Prescription Drug benefits for Prescription Drug Products provided by Pharmacies as shown in this Schedule. To receive Prescription Drug Benefits, you and your Dependents may be required to pay a Deductible, Copayment or Coinsurance requirement for Covered Expenses for Prescription Drug Products.

As applicable, your Deductible or Coinsurance payment will be based on the Plan's Prescription Drug Charge when the Pharmacy is a Network Pharmacy.

Coinsurance
The term Coinsurance means the percentage of charges for covered Prescription Drug Products that you or your Dependent are required to pay under this plan.

Prescription Drug Benefits
For You and Your Dependents

Covered Expenses
Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan’s Covered Expenses, Limitations and Exclusions are provided below and are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, Cigna will provide coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan’s Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent are issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered by Cigna as if filled by a Network Pharmacy. Your payment will be based on the Usual and Customary Charge submitted by the non-Network Pharmacy.

Prescription Drug List Management
The Prescription Drug List (or formulary) offered under your Employer’s plan is managed by the Cigna Business Decision Team. Your plan’s Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. The Business Decision Team makes the final assignment of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and decides whether utilization management requirements or other coverage conditions should apply to a Prescription Drug Product by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee’s evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product’s acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. When considering a Prescription Drug Product for tier placement on the Prescription Drug List or other coverage conditions, the Business Decision Team reviews clinical and economic factors regarding enrollees as a general population across its book-of-business. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy(ies) for coverage, or try another covered Prescription Drug Product(s).

Please access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.
Limitations

In the event you or your Dependent insist on a more expensive Brand Drug where a Generic Drug is available, you will be financially responsible for the amount by which the cost of the Brand Drug exceeds the cost of the Generic Drug, plus any required Generic Drug Copayment and/or Coinsurance. In this case, the amount by which the cost of the Brand Drug exceeds the cost of the Generic Drug will not apply to your Deductible, if any, or Out of Pocket Maximum. However, in the event your Physician determines that the Generic Drug is not an acceptable alternative for you (and indicates Dispensed as Written on the Prescription Order or Refill), you will only be responsible for payment of the appropriate Brand Drug Coinsurance and/or Copayment after satisfying your Deductible, if any.

Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan’s terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee’s clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.
Designated Pharmacies
If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may not receive coverage for the Prescription Drug Product or be subject to the non-Network Pharmacy Benefit, if any, for that Prescription Drug Product. Refer to The Schedule for further information.

New Prescription Drug Products
The Business Decision Team may or may not place a New Prescription Drug Product on the Prescription Drug List tier upon its market entry. The Business Decision Team will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. The Business Decision Team’s tier placement decision shall be based on consideration of, without limitation, the P&T Committee’s clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim, the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

Exclusions
Coverage exclusions listed under the “Exclusions, Expenses Not Covered and General Limitations” section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

- coverage for Prescription Drug Products for the amount dispensed (days' supply) which exceeds the applicable supply limit, or is less than any applicable supply minimum set forth in The Schedule, or which exceeds quantity limit(s) or dosage limit(s) set by the P&T Committee.
- more than one Prescription Order or Refill for a given prescription supply period for the same Prescription Drug Product prescribed by one or more Physicians and dispensed by one or more Pharmacies.
- Prescription Drug Products dispensed outside the jurisdiction of the United States, except as required for emergency or Urgent Care treatment.
- Prescription Drug Products which are prescribed, dispensed or intended to be taken by or administered to you while you are a patient in a licensed Hospital, Skilled Nursing Facility, rest home, rehabilitation facility, or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceutical products.
- Prescription Drug Products furnished by the local, state or federal government (except for a Network Pharmacy owned or operated by a local, state or federal government).
- any product dispensed for the purpose of appetite suppression (anorectics) or weight loss.
- Prescription and non-prescription supplies other than supplies covered as Prescription Drug Products.
- vitamins, except prenatal vitamins that require a Prescription Order or Refill, unless coverage for such product(s) is required by federal or state law.
- medications used for cosmetic purposes, including, without limitation, medications used to reduce wrinkles,
medications used to promote hair growth, or medications used to control perspiration and fade cream products.

- Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.

- Prescription Drug Products used for the treatment of infertility.

- Medical Pharmaceuticals covered solely under the plan’s medical benefits.

- Prescription Drug Products used for the treatment of male or female sexual dysfunction, including, but not limited to erectile dysfunction, delayed ejaculation, anorgasmia, hypoactive sexual desire disorder and decreased libido.

- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).

- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.

- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form. Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

- any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, unless coverage for such product(s) is required by federal or state law.

- immunization agents, biological products for allergy immunization, biological sera, blood, blood plasma and other blood products or fractions and medications used for travel prophylaxis.

- smoking cessation medications except those required by federal law to be covered as Preventive Care Medications.

- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s). Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

- medications that are experimental investigational or unproven as described under the “General Exclusion and Limitations” section of your plan’s certificate.

---

**Reimbursement/Filing a Claim**

**Retail Pharmacy**

When you or your Dependents purchase your Prescription Drug Products through a retail Network Pharmacy, you pay any applicable Copayment, Coinsurance or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form unless you purchase a Prescription Drug Product at a non-Network Pharmacy.

**Home Delivery Pharmacy**

To purchase Prescription Drug Products from a home delivery Network Pharmacy, see your home delivery drug introductory kit for details, or contact member services for assistance.

---

**Exclusions, Expenses Not Covered and General Limitations**

**Exclusions and Expenses Not Covered**

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.

- care required by state or federal law to be supplied by a public school system or school district.

- care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.

- treatment of an Injury or Sickness which is due to war, declared, or undeclared, riot or insurrection.

- charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of copayment, deductible, and/or coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without
Cigna’s express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the copayment, deductible, and/or coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an in-network benefits level or some other benefits level not otherwise applicable to the services received. Provided further, if you use a coupon provided by a pharmaceutical manufacturer or other third party that discounts the cost of a prescription medication or other product, Cigna may, in its sole discretion, reduce the benefits provided under the plan in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts to which the value of the coupon has been applied by the Pharmacy or other third party, and/or exclude from accumulation toward any plan Deductible or Out-of-Pocket Maximum the value of any coupon applied to any Copayment, Deductible and/or Coinsurance you are required to pay.

- charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.

- assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.

- for or in connection with experimental, investigational or unproven services.

Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

- not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;

- not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;

- the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the “Clinical Trials” section(s) of this plan; or

- the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” section(s) of this plan.

In determining whether drug or Biologic therapies are experimental, investigational and unproven, the utilization review Physician may review, without limitation, U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature.

- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.

- The following services are excluded from coverage regardless of clinical indications: macromastia or gynecmastia surgeries; surgical treatment of varicose veins; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolling; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions, except as may be covered under the "Reconstructive Surgery" benefit.

- dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.

- medical and surgical services, initial and repeat, intended for the treatment or control of obesity, except for treatment of clinically severe (morbid) obesity as shown in Covered Expenses, including: medical and surgical services to alter appearance or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.

- unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
• court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
• infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs are also excluded from coverage.
• reversal of male or female voluntary sterilization procedures.
• any services or supplies for the treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction (including penile implants), anorgasmia, and premature ejaculation.
• medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
• Services for the treatment of Autism Spectrum Disorder.
• Payment is excluded for intensive behavior treatment of autism including but not limited to applied behavior analysis, Lovaas therapy, Floortime, Relationship Development Intervention.
• non-medical counseling and/or ancillary services, including but not limited to, Custodial Services, educational services, vocational counseling, training and rehabilitation services, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
• therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
• consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the “Home Health Services” or “Breast Reconstruction and Breast Prostheses” sections of this plan.
• private Hospital rooms and/or private duty nursing except as provided under the Home Health Services provision.
• personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
• artificial aids including, but not limited to, corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets and dentures.
• aids or devices that assist with non-verbal communications, including but not limited to communication boards, prerecorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
• eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses for treatment of keratoconus or post-cataract surgery).
• routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
• treatment by acupuncture.
• all non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
• routine foot care, including the paring and removing of corns and calluses or trimming of nails. However, services associated with foot care for diabetes and peripheral vascular disease are covered when Medically Necessary.
• membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
• genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.
• dental implants for any condition.
• fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician’s opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
• blood administration for the purpose of general improvement in physical condition.
• cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
• cosmetics, dietary supplements and health and beauty aids.
• all nutritional supplements and formulae except for infant formula needed for the treatment of inborn errors of metabolism.
• medical treatment for a person age 65 or older, who is covered under this plan as a retiree, or their Dependent, when payment is denied by the Medicare plan because treatment was received from a non-Participating Provider.
• medical treatment when payment is denied by a Primary Plan because treatment was received from a non-Participating Provider.
• for or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
• Email consultations;
• charges for the delivery of medical and health-related services via telecommunications technologies, including telephone and internet, unless provided as specifically described under Covered Expenses.
• massage therapy.
• abortions, unless a Physician certifies in writing that the pregnancy would endanger the life of the mother, or the expenses are incurred to treat medical complications due to abortion.

General Limitations
No payment will be made for expenses incurred for you or any one of your Dependents:
• for charges made by a Hospital owned or operated by or which provides care or performs services for, the United States Government, if such charges are directly related to a military-service-connected Injury or Sickness.
• to the extent that you or any one of your Dependents is in any way paid or entitled to payment for those expenses by or through a public program, other than Medicaid.
• to the extent that payment is unlawful where the person resides when the expenses are incurred.
• for charges which would not have been made if the person had no insurance.
• to the extent of the exclusions imposed by any certification requirement shown in this plan.
• expenses for supplies, care, treatment, or surgery that are not Medically Necessary.
• charges made by any covered provider who is a member of your or your Dependent’s family.
• expenses incurred outside the United States other than expenses for Medically Necessary urgent or emergent care while temporarily traveling abroad.

Coordination of Benefits
This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions
For the purposes of this section, the following terms have the meanings set forth below:

Plan
Any of the following that provides benefits or services for medical care or treatment:
• Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
• Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
• Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan
A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan
The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan
A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense
The amount of charges considered for payment under the plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity’s contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your
coinsurance or deductible payments. If the Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit. Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

**Reasonable Cash Value**

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

**Order of Benefit Determination Rules**

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an Employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or Employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
  - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
  - then, the Plan of the parent with custody of the child;
  - then, the Plan of the spouse of the parent with custody of the child;
  - then, the Plan of the parent not having custody of the child, and
  - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active Employee (or as that Employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired Employee (or as that Employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active Employee or retiree (or as that Employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

**Effect on the Benefits of This Plan**

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans are not more than 100% of the total of all Allowable Expenses.
Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services. Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be processed for payment. If no response is received in the aforesaid period, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Medicare Eligibles

Cigna will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

(a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
(b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
(c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;
(d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;
(e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;
(f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months;

Cigna will assume the amount payable under:

- Part A of Medicare for a person who is eligible for that Part without premium payment, but has not applied, to be the amount he would receive if he had applied.
- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Expenses For Which A Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant," ) for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault or similar coverage.

Subrogation/Right of Reimbursement

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- Subrogation: The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall...
automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan’s subrogation rights.

- Right of Reimbursement: The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;
- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan’s right to recover shall apply to decedents’, minors’, and incompetent or disabled persons’ settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan’s right of recovery shall be a prior lien against any proceeds recovered by the Participant. This right of recovery shall not be defeated nor reduced by the application of any so-called “Made-Whole Doctrine”, “Rimes Doctrine”, or any other such doctrine purporting to defeat the plan’s recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan’s rights hereunder, specifically: no court costs, attorneys' fees or other representatives' fees may be deducted from the plan’s recovery without the prior express written consent of the plan. This right shall not be defeated by any so-called “Fund Doctrine”, “Common Fund Doctrine”, or “Attorney’s Fund Doctrine”.
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan’s subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney’s fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.
- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.
You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or Non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or Non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider’s responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Services directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or Non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

Even if the payment of healthcare benefits to a Non-Participating Provider has been authorized by you, Cigna may, at its option, make payment of benefits to you. When benefits are paid to you or your Dependent, you or your Dependents are responsible for reimbursing the Non-Participating Provider.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

**Recovery of Overpayment**
When an overpayment has been made by Cigna, Cigna will have the right at any time to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

**Calculation of Covered Expenses**
Cigna, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

**Termination of Insurance**

**Employees**
Your insurance will cease on the earliest date below:

- the date you cease to be in a Class of Eligible Employees or cease to qualify for the insurance.
- the last day for which you have made any required contribution for the insurance.
- the date the policy is canceled.
- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

**Temporary Layoff or Leave of Absence**
If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date as determined by your Employer.

**Injury or Sickness**
If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness.
However, your insurance will not continue past the date your Employer cancels your insurance.

**Retirement**

If your Active Service ends because you retire, and you are under age 65, your insurance will be continued until the earlier of: a) the date on which your Employer cancels the insurance; or b) your 65th birthday.

**Dependents**

Your insurance for all of your Dependents will cease on the earliest date below:

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.
- the last day for which you have made any required contribution for the insurance.
- the date Dependent Insurance is canceled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

**Rescissions**

Your coverage may not be rescinded (retroactively terminated) by Cigna or the plan sponsor unless the plan sponsor or an individual (or a person seeking coverage on behalf of the individual) performs an act, practice or omission that constitutes fraud; or the plan sponsor or individual (or a person seeking coverage on behalf of the individual) makes an intentional misrepresentation of material fact.

**Medical Benefits Extension Upon Policy Cancellation**

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury or Sickness, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury or Sickness. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date you are covered for medical benefits under another group policy;
- the date you are no longer Totally Disabled;
- 90 days from the date your Medical Benefits cease; or
- 90 days from the date the policy is canceled.

**Totally Disabled**

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.
Federal Requirements

The following pages explain your rights and responsibilities under federal laws and regulations. Some states may have similar requirements. If a similar provision appears elsewhere in this booklet, the provision which provides the better benefit will apply.

Notice of Provider Directory/Networks

Notice Regarding Provider Directories and Provider Networks

A list of network providers is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of providers, including hospitals, of varied specialties as well as general practice, affiliated or contracted with Cigna or an organization contracting on its behalf.

Notice Regarding Pharmacy Directories and Pharmacy Networks

A list of network pharmacies is available to you without charge by visiting the website or by calling the phone number on your ID card. The network consists of pharmacies affiliated or contracted with Cigna or an organization contracting on its behalf.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child’s right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child’s name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child’s mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and
- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child’s custodial parent or legal guardian, shall be made to the child, the child’s custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must
be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.

- **Loss of eligibility for State Medicaid or Children’s Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.

- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
  - divorce or legal separation;
  - cessation of Dependent status (such as reaching the limiting age);
  - death of the Employee;
  - termination of employment;
  - reduction in work hours to below the minimum required for eligibility;
  - you or your Dependent(s) no longer reside, live or work in the other plan’s network service area and no other coverage is available under the other plan;
  - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
  - the other plan no longer offers any benefits to a class of similarly situated individuals.

- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee’s or Dependent’s other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).

- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan’s service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer’s limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

- **Eligibility for employment assistance under State Medicaid or Children’s Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the Plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 31 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.
Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage Elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if your Employer agrees and you enroll for or change coverage within 31 days of the following:

- the date you meet the Special Enrollment criteria described above; or
- the date you meet the criteria shown in the following Sections B through H.

B. Change of Status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer’s network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court Order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid Eligibility/Entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in Cost of Coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in Coverage of Spouse or Dependent Under Another Employer’s Plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

G. Reduction in work hours

If an Employee’s work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer’s coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

H. Enrollment in Qualified Health Plan (QHP)

The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through a Marketplace or the Employee wants to enroll in a QHP through a Marketplace during the Marketplace’s annual open enrollment period; and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through a Marketplace for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child’s adoption.
If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the “Exception for Newborns” section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

Coverage for Maternity Hospital Stay
Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your plan administrator.

Women’s Health and Cancer Rights Act (WHCRA)
Do you know that your plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call Member Services at the toll free number listed on your ID card for more information.

Group Plan Coverage Instead of Medicaid
If your income and liquid resources do not exceed certain limits established by law, the state may decide to pay premiums for this coverage instead of for Medicaid, if it is cost effective. This includes premiums for continuation coverage required by federal law.

Requirements of Medical Leave Act of 1993 (as amended) (FMLA)
Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave
Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave
Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.
You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence. Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee’s military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

Claim Determination Procedures

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The booklet describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the booklet, and in your provider’s network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the booklet, in your provider’s network participation documents as applicable, and in the determination notices.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna’s control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function,
or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

If you or your representative fails to follow Cigna’s procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations
When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations
When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna’s control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination
Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan’s review procedures and the time limits applicable, including a statement of a claimant’s rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal, (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

Appointment of Authorized Representative
You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

**COBRA Continuation Rights Under Federal Law**

**For You and Your Dependents**

**What is COBRA Continuation Coverage?**

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan’s coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

**When is COBRA Continuation Available?**

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

**Who is Entitled to COBRA Continuation?**

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals’ coverage will terminate when your COBRA continuation coverage terminates. The sections titled “Secondary Qualifying Events” and “Medicare Extension For Your Dependents” are not applicable to these individuals.

**Secondary Qualifying Events**

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

**Disability Extension**

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event. To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the
date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

**Medicare Extension for Your Dependents**

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

**Termination of COBRA Continuation**

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer’s policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);
- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

**Moving Out of Employer’s Service Area or Elimination of a Service Area**

If you and/or your Dependents move out of the Employer’s service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to emergency services only. Because the Plan does not provide out-of-network coverage, nonemergency services will not be covered under the plan outside of the Employer’s service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

**Employer’s Notification Requirements**

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse’s) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
  - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
  - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

**How to Elect COBRA Continuation Coverage**

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date. Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may
be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

**How Much Does COBRA Continuation Coverage Cost?**

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

**When and How to Pay COBRA Premiums**

*First payment for COBRA continuation*

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

*Subsequent payments*

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

*Grace periods for subsequent payments*

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

**You Must Give Notice of Certain Qualifying Events**

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation (e.g., divorce decree, birth certificate, disability determination, etc.).

**Newly Acquired Dependents**

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event.

COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.
**COBRA Continuation for Retirees Following Employer’s Bankruptcy**

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

**Interaction With Other Continuation Benefits**

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

---

**When You Have A Complaint Or An Adverse Determination Appeal**

For the purposes of this section, any reference to "you," "your" or "Member" also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care you receive. That is why we have established a process for addressing your concerns and solving your problems.

---

**When You Have a Complaint**

We are here to listen and help. If you have a complaint regarding a person, a service, the quality of care, a rescission of coverage, or contractual benefits not related to Medical Necessity, you can call our toll-free number and explain your concern to one of our Customer Service representatives. A complaint does not include: a misunderstanding or problem of misinformation that can be promptly resolved by Cigna by clearing up the misunderstanding or supplying the correct information to your satisfaction; or you or your provider's dissatisfaction or disagreement with an adverse determination. You can also express that complaint in writing. Please call us at the Customer Service Toll-Free Number that appears on your Benefit Identification card, explanation of benefits or claim form, or write to us at the following address:

Cigna National Appeals Organization (NAO)
PO Box 188011
Chattanooga, TN 37422

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your complaint, we will send you a letter acknowledging the date on which we received your complaint no later than the fifth working day after we receive your complaint. We will respond in writing with a decision 30 calendar days after we receive a complaint for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay.

Cigna's Physician reviewer, or your treating Physician, will decide if an expedited appeal is necessary. When a complaint is expedited, we will respond orally with a decision within the earlier of: 72 hours; or one working day, followed up in writing within 3 calendar days.

If you are not satisfied with the results of a coverage decision, you can start the complaint appeals procedure.
Complaint Appeals Procedure

To initiate an appeal of a complaint resolution decision, you must submit a request for an appeal in writing to the following address:

Cigna
National Appeals Organization (NAO)
PO Box 188011
Chattanooga, TN 37422

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call us at the toll-free number on your Benefit Identification card, explanation of benefits or claim form.

Your complaint appeal request will be conducted by the Complaint Appeals Committee, which consists of at least three people. Anyone involved in the prior decision, or subordinates of those people, may not vote on the Committee. You may present your situation to the Committee in person or by conference call.

We will acknowledge in writing that we have received your request within five working days after the date we receive your request for a Committee review and schedule a Committee review. The Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review.

You will be notified in writing of the Committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or your appeal involves non-authorization of an admission or continuing inpatient Hospital stay. Cigna's Physician reviewer or your treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within the earlier of: 72 hours; or one working day, followed up in writing within three calendar days.

In addition, your treating Physician may request in writing a specialty review within 10 working days of our written decision. The specialty review will be conducted by a Physician in the same or similar specialty as the care under consideration. The specialty review will be completed and a response sent within 15 working days of the request. Specialty review is voluntary. If the specialty reviewer upholds the initial adverse determination and you remain dissatisfied, you are still eligible to request a review by an Independent Review Organization.

Independent Review Procedure

If you are not fully satisfied with the decision of Cigna's Adverse Determination appeal process or if you feel your condition is life-threatening, you may request that your appeal be referred to an Independent Review Organization. In addition, your treating Physician may request in writing that Cigna conduct a specialty review. The specialty review request must be made within 10 days of receipt of the Adverse Determination appeal decision letter.

Cigna must complete the specialist review and send a written response within 15 days of its receipt of the request for specialty review. If the specialist upholds the initial Adverse Determination, you are still eligible to request a review by an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by Cigna or any of its affiliates. A decision to use the
The voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan. There is no charge for you to initiate this independent review process and the decision to use the process is voluntary. Cigna will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by Cigna. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process. You will receive detailed information on how to request an Independent Review and the required forms you will need to complete with every Adverse Determination notice.

The Independent Review Program is a voluntary program arranged by Cigna.

**Appeal to the State of Texas**

You have the right to contact the Texas Department of Insurance for assistance at any time for either a complaint or an Adverse Determination appeal. The Texas Department of Insurance may be contacted at the following address and telephone number:

Texas Department of Insurance  
333 Guadalupe Street  
P.O. Box 149104  
Austin, TX 78714-9104  
1-800-252-3439

**Notice of Benefit Determination on Appeal**

Every notice of an appeal decision will be provided in writing or electronically and, if an adverse determination, will include: information sufficient to identify the claim; the specific reason or reasons for the denial decision; reference to the specific plan provisions on which the decision is based; a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; and information about any office of health insurance consumer assistance or ombudsman available to assist you in the appeal process. A final notice of adverse determination will include a discussion of the decision.

You also have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

**Relevant Information**

Relevant Information is any document, record, or other information which was relied upon in making the benefit determination; was submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit or the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

**Legal Action Under Federal Law**

If your plan is governed by ERISA, you have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against Cigna until you have completed the Complaint or Adverse Determination Appeal process. If your Complaint is expedited, there is no need to complete the Complaint Appeal process prior to bringing legal action.

**Definitions**

**Active Service**

You will be considered in Active Service:

- on any of your Employer's scheduled work days if you are performing the regular duties of your work on a full-time basis on that day either at your Employer's place of business or at some location to which you are required to travel for your Employer's business.
• on a day which is not one of your Employer's scheduled work days if you were in Active Service on the preceding scheduled work day.

Bed and Board
The term Bed and Board includes all charges made by a Hospital on its own behalf for room and meals and for all general services and activities needed for the care of registered bed patients.

Biologic
A virus, therapeutic serum, toxin, antitoxin, vaccine, blood, blood component or derivative, allargenic product, protein (except any chemically synthesized polypeptide), or analogous product, or arsphenamine or derivative of arsphenamine (or any other trivalent organic arsenic compound), used for the prevention, treatment, or cure of a disease or condition of human beings, as defined under Section 351(i) of the Public Health Service Act (42 USC 262(i)) (as amended by the Biologics Price Competition and Innovation Act of 2009, title VII of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, § 7002 (2010), and as may be amended thereafter).

Chiropractic Care
The term Chiropractic Care means the conservative management of neuromusculoskeletal conditions through manipulation and ancillary physiological treatment rendered to specific joints to restore motion, reduce pain and improve function.
Cigna Home Delivery Pharmacy
A home delivery Network Pharmacy owned and operated by licensed Pharmacy affiliates of Cigna Health and Life Insurance Company.

Custodial Services
Any services that are of a sheltering, protective, or safeguarding nature. Such services may include a stay in an institutional setting, at-home care, or nursing services to care for someone because of age or mental or physical condition. This service primarily helps the person in daily living. Custodial care also can provide medical services, given mainly to maintain the person’s current state of health. These services cannot be intended to greatly improve a medical condition; they are intended to provide care while the patient cannot care for himself or herself. Custodial Services include but are not limited to:

- Services related to watching or protecting a person;
- Services related to performing or assisting a person in performing any activities of daily living, such as: walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating, preparing foods, or taking medications that can be self administered, and
- Services not required to be performed by trained or skilled medical or paramedical personnel.

Dependent
Dependents are:

- your lawful spouse; and
- any child of yours who is:
  - less than 26 years old.
  - 26 or more years old, unmarried, and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical disability which arose while the child was covered as a Dependent under this Plan, or while covered as a dependent under a prior plan with no break in coverage.

Proof of the child's condition and dependence may be required to be submitted to the plan within 31 days after the date the child ceases to qualify above. From time to time, but not more frequently than once a year, the plan may require proof of the continuation of such condition and dependence.

The term child means a child born to you; a child legally adopted by you; the child for whom you are the legal guardian; the child who is the subject of a lawsuit for adoption by you; the child who is supported pursuant to a court order imposed on you (including a qualified medical child support order) or your grandchild who is your Dependent for federal income tax purposes at the time of application. It also includes a stepchild.

Benefits for a Dependent child will continue until the last day of the calendar month in which the limiting age is reached.

Anyone who is eligible as an Employee will not be considered as a Dependent spouse. A child under age 26 may be covered as either an Employee or as a Dependent child. You cannot be covered as an Employee while also covered as a Dependent of an Employee.

No one may be considered as a Dependent of more than one Employee.

Designated Pharmacy
A Network Pharmacy that has entered into an agreement with Cigna, or with an entity contracting on Cigna’s behalf, to provide Prescription Drug Products or services, including, without limitation, specific Prescription Drug Products, to plan enrollees on a preferred or exclusive basis. For example, a Designated Pharmacy may provide enrollees certain Specialty Prescription Drug Products that have limited distribution availability, provide enrollees with an extended days’ supply of Prescription Drug Products or provide enrollees with Prescription Drug Products on a preferred cost share basis.

The fact that a Pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Emergency Medical Condition
Emergency medical condition means a medical condition which manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of any bodily organ or part.
**Emergency Services**

Emergency services means, with respect to an emergency medical condition, a medical screening examination that is within the capability of the emergency department of a hospital, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the hospital, to stabilize the patient.

**Employee**

The term Employee means a full-time employee of the Employer who is currently in Active Service. The term does not include employees who are part-time or temporary or who normally work less than 30 hours a week for the Employer.

**Employer**

The term Employer means the plan sponsor self-insuring the benefits described in this booklet, on whose behalf Cigna is providing claim administration services.

**Essential Health Benefits**

Essential health benefits means, to the extent covered under the plan, expenses incurred with respect to covered services, in at least the following categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care.

**Expense Incurred**

An expense is incurred when the service or the supply for which it is incurred is provided.

**Free-Standing Surgical Facility**

The term Free-standing Surgical Facility means an institution which meets all of the following requirements:

- it has a medical staff of Physicians, Nurses and licensed anesthesiologists;
- it maintains at least two operating rooms and one recovery room;
- it maintains diagnostic laboratory and x-ray facilities;
- it has equipment for emergency care;
- it has a blood supply;
- it maintains medical records;
- it has agreements with Hospitals for immediate acceptance of patients who need Hospital Confinement on an inpatient basis; and
- it is licensed in accordance with the laws of the appropriate legally authorized agency.

**Generic Drug**

A Prescription Drug Product that Cigna identifies as a Generic Drug product at a book-of-business level principally based on available data resources, including, but not limited to, First DataBank or another nationally recognized drug indicator source, that classify drugs or Biologics (including Biosimilars) as either brand or generic based on a number of factors. Not all products identified as a “generic” by the manufacturer, Pharmacy or your Physician may be classified as a Generic Drug under the plan. A Biosimilar may be classified as a Generic Drug for the purposes of benefits under the plan even if it is identified as a “brand name” drug by the manufacturer, Pharmacy or your Physician.
Hospice Care Program
The term Hospice Care Program means:
- a coordinated, interdisciplinary program to meet the physical, psychological, spiritual and social needs of dying persons and their families;
- a program that provides palliative and supportive medical, nursing and other health services through home or inpatient care during the illness;
- a program for persons who have a Terminal Illness and for the families of those persons.

Hospice Care Services
The term Hospice Care Services means any services provided by: a Hospital, a Skilled Nursing Facility or a similar institution, a Home Health Care Agency, a Hospice Facility, or any other licensed facility or agency under a Hospice Care Program.

Hospice Facility
The term Hospice Facility means an institution or part of it which:
- primarily provides care for Terminally Ill patients;
- is accredited by the National Hospice Organization;
- meets standards established by Cigna; and
- fulfills any licensing requirements of the state or locality in which it operates.

Hospital
The term Hospital means:
- an institution licensed as a hospital, which: maintains, on the premises, all facilities necessary for medical and surgical treatment; provides such treatment on an inpatient basis, for compensation, under the supervision of Physicians; and provides 24-hour service by Registered Graduate Nurses;
- an institution which qualifies as a hospital, a psychiatric hospital or a tuberculosis hospital, and a provider of services under Medicare, if such institution is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations; or
- an institution which: specializes in treatment of Mental Health and Substance Use Disorder or other related illness; provides residential treatment programs; and is licensed in accordance with the laws of the appropriate legally authorized agency.
The term Hospital will not include an institution which is primarily a place for rest, a place for the aged, or a nursing home.

Hospital Confinement or Confined in a Hospital
A person will be considered Confined in a Hospital if he is:
- a registered bed patient in a Hospital upon the recommendation of a Physician;
- receiving treatment for Mental Health and Substance Use Disorder Services in a Mental Health or Substance Use Disorder Residential Treatment Center.

Injury
The term Injury means an accidental bodily injury.

Maintenance Treatment
The term Maintenance Treatment means:
- treatment rendered to keep or maintain the patient's current status.

Maximum Reimbursable Charge - Medical
The Maximum Reimbursable Charge for covered services is determined based on the lesser of:
- the provider’s normal charge for a similar service or supply; or
- a policyholder-selected percentile of charges made by providers of such service or supply in the geographic area.
where it is received as compiled in a database selected by Cigna.

The percentile used to determine the Maximum Reimbursable Charge can be obtained by contacting Member Services/Customer Service.

The Maximum Reimbursable Charge is subject to all other benefit limitations and applicable coding and payment methodologies determined by Cigna. Additional information about how Cigna determines the Maximum Reimbursable Charge is available upon request.

Medicaid
The term Medicaid means a state program of medical aid for needy persons established under Title XIX of the Social Security Act of 1965 as amended.

Medical Pharmaceutical
An FDA-approved prescription pharmaceutical product, including a Specialty Prescription Drug Product, typically required to be administered in connection with a covered service by a Physician or other health care provider within the scope of the provider's license. This definition includes certain pharmaceutical products whose administration may initially or typically require Physician oversight but may be self-administered under certain conditions specified in the product’s FDA labeling. This definition does not include any charges for mobile, web-based or other electronic applications or software, even if approved for marketing as a prescription product by the FDA.

Medically Necessary/Medical Necessity
Health care services, supplies and medications provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, condition, disease or its symptoms, that are all of the following as determined by a Medical Director or Review Organization:
- required to diagnose or treat an illness, Injury, disease or its symptoms;
- in accordance with generally accepted standards of medical practice;
- clinically appropriate in terms of type, frequency, extent, site and duration;
- not primarily for the convenience of the patient, Physician or other health care provider;
- not more costly than an alternative service(s), medication(s) or supply(ies) that is at least as likely to produce equivalent therapeutic or diagnostic results with the same safety profile as to the prevention, evaluation, diagnosis or treatment of your Sickness, Injury, condition, disease or its symptoms; and
- rendered in the least intensive setting that is appropriate for the delivery of the services, supplies or medications. Where applicable, the Medical Director or Review Organization may compare the cost-effectiveness of alternative services, supplies, medications or settings when determining least intensive setting.

Necessary Services and Supplies
The term Necessary Services and Supplies includes any charges, except charges for Bed and Board, made by a Hospital on its own behalf for medical services and supplies actually used during Hospital Confinement, any charges, by whomever made, for licensed ambulance service to or from the nearest Hospital where the needed medical care and treatment can be provided; and any charges, by whomever made, for the administration of anesthetics during Hospital Confinement.

The term Necessary Services and Supplies will not include any charges for special nursing fees, dental fees or medical fees.
Network Pharmacy
A retail or home delivery Pharmacy that has:
• entered into an agreement with Cigna or an entity contracting on Cigna's behalf to provide Prescription Drug Products to plan enrollees.
• agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
• been designated as a Network Pharmacy for the purposes of coverage under your Employer’s plan.

New Prescription Drug Product
A Prescription Drug Product, or new use or dosage form of a previously FDA-approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or newly-approved use or dosage form becomes available on the market following approval by the U.S. Food and Drug Administration (FDA) and ending on the date Cigna's Business Decision Team makes a Prescription Drug List coverage status decision.

Nurse
The term Nurse means a Registered Graduate Nurse, a Licensed Practical Nurse or a Licensed Vocational Nurse who has the right to use the abbreviation "R.N.," "L.P.N." or "L.V.N."

Other Health Care Facility/Other Health Professional
The term Other Health Care Facility means a facility other than a Hospital or hospice facility. Examples of Other Health Care Facilities include, but are not limited to, licensed skilled nursing facilities, rehabilitation Hospitals and subacute facilities. The term Other Health Professional means an individual other than a Physician who is licensed or otherwise authorized under the applicable state law to deliver medical services and supplies. Other Health Professionals include, but are not limited to physical therapists, registered nurses and licensed practical nurses. Other Health Professionals do not include providers such as Certified First Assistants, Certified Operating Room Technicians, Certified Surgical Assistants/Technicians, Licensed Surgical Assistants, Orthopedic Physician Assistants and Surgical First Assistants.

Participating Provider
The term Participating Provider means a hospital, a Physician or any other health care practitioner or entity that has a direct or indirect contractual arrangement with Cigna to provide covered services with regard to a particular plan under which the participant is covered.

Patient Protection and Affordable Care Act of 2010 ("PPACA")
Patient Protection and Affordable Care Act of 2010 means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

Pharmacy
A duly licensed Pharmacy that dispenses Prescription Drug Products in a retail setting or via home delivery. A home delivery Pharmacy is a Pharmacy that primarily provides Prescription Drug Products through mail order.
Pharmacy & Therapeutics (P&T) Committee
A committee comprised of both voting and non-voting Cigna-employed clinicians, Medical Directors and Pharmacy Directors and non-employees such as Participating Providers that represent a range of clinical specialties. The committee regularly reviews Medical Pharmaceuticals or Prescription Drug Products, for safety and efficacy, the findings of which clinical reviews inform coverage status decisions made by the Business Decision Team. The P&T Committee’s review may be based on consideration of, without limitation, U.S. Food and Drug Administration-approved labeling, standard medical reference compendia, or scientific studies published in peer-reviewed English-language bio-medical journals.

Physician
The term Physician means a licensed medical practitioner who is practicing within the scope of his license and who is licensed to prescribe and administer drugs or to perform surgery. It will also include any other licensed medical practitioner whose services are required to be covered by law in the locality where the policy is issued if he is:
- operating within the scope of his license; and
- performing a service for which benefits are provided under this plan when performed by a Physician.

Prescription Drug Charge
The amount Cigna charges to the Plan, including the applicable dispensing fee and any applicable sales tax and prior to application of any Deductible, Copayment or Coinsurance amounts, for a Prescription Drug Product dispensed at a Network Pharmacy. Cigna may pay a Network Pharmacy a different amount for a Prescription Drug Product than the Plan pays to Cigna. You are not entitled to the difference between the rate Cigna charges to the Plan and the rate Cigna pays to the Pharmacy for a Prescription Drug Product. For the purposes of Prescription Drug benefit payments, the “Plan” is the entity or business unit responsible for funding benefits in accordance with the terms and conditions outlined in this booklet/certificate.

Prescription Drug List
A list that categorizes drugs, Biologics (including Biosimilars) or other products covered under the plan’s Prescription Drug benefits that have been approved by the U.S. Food and Drug Administration (FDA) into coverage tiers. This list is developed by Cigna's Business Decision Team based on clinical factors communicated by the P&T Committee, and adopted by your Employer as part of the plan. The list is subject to periodic review and change, and is subject to the limitations and exclusions of the plan. You may determine to which tier a particular Prescription Drug Product has been assigned through the website shown on your ID card or by calling customer service at the telephone number on your ID card.

Prescription Drug Product
A drug, Biologic (including a Biosimilar), or other product that has been approved by the U.S. Food and Drug Administration (FDA), certain products approved under the Drug Efficacy Study Implementation review, or products marketed prior to 1938 and not subject to review and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a drug, Biologic or product that, due to its characteristics, is approved by the FDA for self-administration or administration by a non-skilled caregiver. For the purpose of benefits under the plan, this definition also includes:
- The following diabetic supplies: alcohol pads, swabs, wipes, Glucagon/Glucagen, injection aids, insulin pump accessories (but excluding insulin pumps), needles including pen needles, syringes, test strips, lancets, urine glucose and ketone strips;
- Needles and syringes for self-administered medications or Biologics covered under the plan’s Prescription Drug benefit; and
- Inhaler assistance devices and accessories, peak flow meters.
This definition does not include any charges for mobile, web-based or other electronic applications or software, even if approved for marketing as a prescription product by the FDA.
Prescription Order or Refill
The lawful directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

Preventive Care Medications
The Prescription Drug Products or other medications (including over-the-counter medications) designated as payable by the plan at 100% of the cost (without application of any Deductible, Copayment or Coinsurance) as required by applicable law under any of the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

A written prescription is required to process a claim for a Preventive Care Medication. You may determine whether a drug is a Preventive Care Medication through the internet website shown on your ID card or by calling member services at the telephone number on your ID card.

Primary Care Physician
The term Primary Care Physician means a Physician who qualifies as a Participating Provider in general practice, internal medicine, family practice or pediatrics; and who has been selected by you, as authorized by Cigna, to provide or arrange for medical care for you or any of your insured Dependents.

Psychologist
The term Psychologist means a person who is licensed or certified as a clinical psychologist. Where no licensure or certification exists, the term Psychologist means a person who is considered qualified as a clinical psychologist by a recognized psychological association. It will also include any other licensed counseling practitioner whose services are required to be covered by law in the locality where the policy is issued if he is operating within the scope of his license and performing a service for which benefits are provided under this plan when performed by a Psychologist.

Review Organization
The term Review Organization refers to an affiliate of Cigna or another entity to which Cigna has delegated responsibility for performing utilization review services. The Review Organization is an organization with a staff of clinicians which may include Physicians, Registered Graduate Nurses, licensed mental health and substance use disorder professionals, and other trained staff members who perform utilization review services.

Sickness – For Medical Insurance
The term Sickness means a physical or mental illness. It also includes pregnancy. Expenses incurred for routine Hospital and pediatric care of a newborn child prior to discharge from the Hospital nursery will be considered to be incurred as a result of Sickness.

Skilled Nursing Facility
The term Skilled Nursing Facility means a licensed institution (other than a Hospital, as defined) which specializes in:

- physical rehabilitation on an inpatient basis; or
- skilled nursing and medical care on an inpatient basis; but only if that institution: maintains on the premises all facilities necessary for medical treatment; provides such treatment, for compensation, under the supervision of Physicians; and provides Nurses' services.
Specialist
The term Specialist means a Physician who provides specialized services, and is not engaged in general practice, family practice, internal medicine, obstetrics/gynecology or pediatrics.

Specialty Prescription Drug Product
A Prescription Drug Product or Medical Pharmaceutical considered by Cigna to be a Specialty Prescription Drug Product based on consideration of the following factors, subject to applicable law: whether the Prescription Drug Product or Medical Pharmaceutical is prescribed and used for the treatment of a complex, chronic or rare condition; whether the Prescription Drug Product or Medical Pharmaceutical has a high acquisition cost; and, whether the Prescription Drug Product or Medical Pharmaceutical is subject to limited or restricted distribution, requires special handling and/or requires enhanced patient education, provider coordination or clinical oversight. A Specialty Prescription Drug Product may not possess all or most of the foregoing characteristics, and the presence of any one such characteristic does not guarantee that a Prescription Drug Product or Medical Pharmaceutical will be considered a Specialty Prescription Drug Product. Specialty Prescription Drug Products may vary by plan benefit assignment based on factors such as method or site of clinical administration, or by tier assignment or utilization management requirements based on factors such as acquisition cost. You may determine whether a medication is a Specialty Prescription Drug Product through the website shown on your ID card or by calling member services at the telephone number on your ID card.

Stabilize
Stabilize means, with respect to an emergency medical condition, to provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a facility.

Terminal Illness
A Terminal Illness will be considered to exist if a person becomes terminally ill with a prognosis of six months or less to live, as diagnosed by a Physician.

Therapeutic Alternative
A Prescription Drug Product or Medical Pharmaceutical that is of the same therapeutic or pharmacological class, and usually can be expected to have similar outcomes and adverse reaction profiles when administered in therapeutically equivalent doses as, another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

Therapeutic Equivalent
A Prescription Drug Product or Medical Pharmaceutical that is a pharmaceutical equivalent to another Prescription Drug Product, Medical Pharmaceutical or over-the-counter medication.

Urgent Care
Urgent Care is medical, surgical, Hospital or related health care services and testing which are not Emergency Services, but which are determined by Cigna, in accordance with generally accepted medical standards, to have been necessary to treat a condition requiring prompt medical attention. This does not include care that could have been foreseen before leaving the immediate area where you ordinarily receive and/or were scheduled to receive services. Such care includes, but is not limited to, dialysis, scheduled medical treatments or therapy, or care received after a Physician's recommendation that the insured should not travel due to any medical condition.

Usual and Customary (U&C) Charge
The usual fee that a Pharmacy charges individuals for a Prescription Drug Product (and any services related to the dispensing thereof) without reference to reimbursement to the
Pharmacy by third parties. The Usual and Customary (U&C) Charge includes a dispensing fee and any applicable sales tax.
The following pages describe the features of your Cigna Choice Fund - Health Reimbursement Account. Please read them carefully.
What You Should Know About Cigna Choice Fund® – Health Reimbursement Account

Cigna Choice Fund is designed to give you:

Control
More control over how your health care dollars are spent. The health services you get and where you get them are up to you.

Choice
You have the freedom to choose any licensed doctor in the Cigna network.

Flexibility
Flexibility to help you proactively manage your health and maximize your plan coverage. By using our cost and quality tools to find a higher quality and more cost effective doctor, lab or facility, you can reduce the costs that are paid out of your HRA. And if you don’t use all of the money in your health reimbursement account, some or all of the unused money may be added to your account for the following year, as long as you stay in the plan. Ask your employer, call Cigna, or log into www.myCigna.com to find out if your HRA limits the amount that can roll over to the next year.

Your plan covers medical care when you’re sick, but also includes coverage for preventive care services to help keep you well. Your preventive care is covered at 100% in-network; therefore no HRA funds will need to be used for these services. Preventive health coverage is one of the most important benefits of your health plan. Getting the right preventive services at the right time can help you stay healthy by preventing diseases or by detecting a health problem at a stage that may be easier to treat. Make sure you take advantage of your fully covered in-network preventive care coverage. Log in to www.myCigna.com and read the Preventive Care Quick Reference Guide under the Review My Medical Coverage section.

Health Information and Education
Is it late at night, and you’re not sure if you should go to the Emergency Room for an injury or just wait until your doctor is available the next day? Just call the toll-free number on your ID card to reach Cigna’s 24-Hour Health Information Line. You’ll have access to trained nurses who can help! You also have access to an audio library of health topics 24 hours a day. In addition, the Cigna Healthy Pregnancies, Healthy Babies® program provides prenatal education and support for mothers-to-be.

Tools & Support
We help you keep track with online benefits information, transactions, and account activity; medical and drug cost comparisons; monthly statements; and more. You also have toll-free access to dedicated Customer Service teams, specially trained to answer your questions and address your needs. Customer Service is available 24 hours a day, 7 days a week, every day of the year!

Savings on Health and Wellness Products and Services
Through Cigna Healthy Rewards®, you can save money on a variety of health-related products and services. Offerings include laser vision correction, acupuncture, chiropractic care, weight loss programs, fitness club and equipment discounts and more.

Opportunity to earn funds for future use
If your employer offers the Cigna Healthy Future Account®, you can earn funds to cover qualified expenses for future use, such as retirement. All or a portion of unused HRA funds at the end of each plan year will transfer to this account until you meet the eligibility requirements (such as retirement, reaching age 65, or accumulating a certain number of years of service with your employer). Once you reach your qualifying event, you may then use the Healthy Future Account to pay yourself back for certain expenses defined by your employer. See your benefits administrator for more details.

The Basics
How does it work?
The Cigna Choice Fund Health Reimbursement Account combines medical coverage with a reimbursement account that includes contributions from your employer.

1. Employer contribution: Your employer deposits a specific amount of money in a health account to help you pay for some of the costs of covered medical expenses. The health services you receive and where you get them are up to you. The health care costs paid from your HRA typically count toward your deductible (an annual amount you’ll pay before the health plan begins to pay for covered health care costs), reducing your share.

2. Your share: Once you’ve used the money in your health account, you pay your expenses up to the deductible.

3. Your health plan: After your deductible is met, you pay pre-determined coinsurance or copayments for eligible expenses and the plan pays the rest. When you meet your out-of-pocket maximum (the most you can pay in a plan year), your plan pays eligible expenses at 100%.

If you leave the plan or your employer, the account stays behind.
Which services are covered by my Health Reimbursement Account?

According to federal law, HRA funds can be used to cover only qualified medical expenses for you and your dependents. However, your employer may choose not to allow coverage for certain qualified expenses. Please refer to www.myCigna.com for information on the services for which your HRA funds may be used.

Which services are covered by my medical plan, and which will I have to pay out of my own pocket?

Covered services vary depending on your plan, so visit www.myCigna.com or check your plan materials in this booklet for specific information. In addition to your premiums deducted from your paycheck, you’ll be responsible for paying:

- Costs for any services needed after you’ve spent your health fund, if you haven’t met your deductible.
- Your coinsurance or copayments after you meet the deductible and your medical plan coverage begins.

If all of your medical expenses are covered services and the total cost doesn’t exceed the amount in your HRA, you may not have additional out-of-pocket costs. Unused money may be available to you if you enroll in the plan again the following year. Check with your employer, call Cigna, or log into www.myCigna.com to see if this option is available to you.

Are services covered if I use out-of-network doctors?

Services are covered only when you use participating health care professionals or facilities.

Tools and Resources at Your Fingertips

Cigna Healthy Awards Account

If your employer offers a Healthy Awards Account, take advantage of certain Cigna incentive award programs, and earn extra award dollars toward your health care expenses, all for taking charge of your health.

To encourage healthy lifestyles and wellness, your employer will deposit the incentive rewards into your health account upon completion of each activity. Your employer may limit how often you can earn awards. For details on these programs you can log into www.myCigna.com, or call Cigna 24/7/365. Always consult with your doctor before beginning or changing your treatment plan or exercise routines.

www.myCigna.com

www.myCigna.com provides fast, reliable and personalized information and services, including:

- Online access to your current account balance, past transactions and claim status, as well as your Explanation of Benefits and health statements.

- Medical cost and drug cost information, including cost estimates specific to you and your plan.
- Frequently asked questions about health care in general and Cigna Choice Fund specifically.
- A number of convenient, helpful tools that let you:
  
  **Compare costs**
  
  Use tools to compare costs and help you decide where to get care. You can compare out-of-pocket expenses, specific to your coverage plan, for actual treatment, procedures and costs.

  **Find out more about your local hospitals**
  
  Learn how hospitals rank by number of procedures performed, patients’ average length of stay, and cost. Go to our online healthcare professional directory for average costs for certain procedures, including total charges and your out-of-pocket expense, based on your Cigna plan. You can also find hospitals that earn the Centers of Excellence designation based on effectiveness in treating selected procedures/conditions and cost.

  **Get the facts about your medication, cost, treatment options and side effects**
  
  Use the pharmacy tools to: check your prescription drug costs, listed by specific pharmacy and location (including Cigna Home Delivery Pharmacy); and review your claims history for the past 16 months. Look at condition-specific drug treatments and compare characteristics of more than 200 common medications. Evaluate up to 10 medications at once to better understand side effects, drug interactions and alternatives.

  **Take control of your health**
  
  Take the health risk assessment, an online questionnaire that can help you identify and monitor your health status. You can learn about preventive care and check your progress toward healthy goals. And if your results show that you may benefit from other services, you can learn about related Cigna programs on the same site.

  **Explore topics on medicine, health and wellness**
  
  Get information on more than 5,000 health conditions, health and wellness, first aid and medical exams through Healthwise® Medical Encyclopedia, an interactive library.

  **Keep track of your personal health information**
  
  Health Record is your central, secure location for your medical conditions, medications, allergies, surgeries, immunizations, and emergency contacts. You can add your health risk assessment results to Health Record, so you can easily print and share the information with your doctor. Your lab results from certain facilities can be automatically entered into your Personal Health Record.
Chart progress of important health indicators
Input key data such as blood pressure, blood sugar, cholesterol (Total/LDL/HDL), height and weight, and exercise regimen. Health Tracker makes it easy to chart the results and share them with your doctor.

Getting the Most from Your HRA
You make decisions every day, from buying the family car to choosing the breakfast cereal. Make yourself a more educated health care consumer and you’ll find that you, too, can make a difference in the health care services you receive and what you ultimately pay.

Fast Facts
If you need hospital care, there are several tools to help you make informed decisions about quality and cost.

- With the Hospital Comparison tool on www.myCigna.com, you can learn how hospitals rank by number of procedures performed, patients’ average length of stay, and cost.
- Visit our healthcare professional directory for Cigna Centers of Excellence, providing hospital scores for specific procedures/conditions, such as cardiac care, hip and knee replacement, and bariatric surgery. Scores are based on cost and effectiveness in treating the procedure/condition, based on publicly available data.
- www.myCigna.com also includes a Healthcare Professional Excellence Recognition Directory. This directory includes information on:
  - Participating physicians who have achieved recognition from the National Committee for Quality Assurance (NCQA) for diabetes and/or heart and stroke care.
  - Hospitals that fully meet The Leapfrog Group patient safety standards.

If you’re not sure where to begin, you have access to health advocates.
You now have access to health specialists, including individuals trained as nurses, coaches, nutritionists and clinicians, who will listen, understand your needs and help you find solutions, even when you’re not sure where to begin.
Partner with a health coach and get help to maintain good eating and exercise habits; support and encouragement to set and reach health improvement goals; and guidance to better manage conditions, including coronary artery disease, low back pain, osteoarthritis, high blood pressure, high cholesterol and more. From quick answers to health questions to assistance with managing more serious health needs, call the toll-free number on your Cigna ID card or visit www.myCigna.com. See your benefits administrator for more details about all of the services you have access to through your plan.

Wherever you go in the U.S., you take the Cigna 24-Hour Health Information Line™ with you.
Whether it’s late at night, and your child has a fever, or you’re traveling and you’re not sure where to get care, or you don’t feel well and you’re unsure about the symptoms, you can call the Cigna 24-Hour Health Information Line whenever you have a question. Call the toll-free number on your Cigna ID card and you will speak to a nurse who will help direct you to the appropriate care.

A little knowledge goes a long way.
Getting the facts about your care, such as treatment options and health risks is important to your health and well-being, and your pocketbook. For instance:

- Getting appropriate preventive care is key to staying healthy. Visit www.myCigna.com to learn more about proper preventive care and what’s covered under your plan.
- When it comes to medications, talk to your doctor about whether generic drugs are right for you. The brand name drugs you are prescribed may have generic alternatives that could lower your costs. If a generic version of your brand name drug is not available, other generic drugs with the same treatment effect may meet your needs.
- Tools on www.myCigna.com can help you take control of your health and health care spending. You can learn about medical topics and wellness, and keep track of your personal health information. You can also print personalized reports to discuss with your doctor.
CIGNA HEALTH AND LIFE INSURANCE COMPANY, a Cigna company (hereinafter called Cigna)

CERTIFICATE RIDER

No. CR7MNASO3-1

Policyholder: City of Carrollton

Rider Eligibility: Each Employee who resides in Massachusetts

Policy No. or Nos. 3340084-INHRA/IHRAF

EFFECTIVE DATE: January 1, 2018

You will become insured on the date you become eligible if you are in Active Service on that date or if you are not in Active Service on that date due to your health status. If you are not insured for the benefits described in your certificate on that date, the effective date of this certificate rider will be the date you become insured.

This certificate rider forms a part of the certificate issued to you by Cigna describing the benefits provided under the policy(ies) specified above.

Anna Krishtul, Corporate Secretary

HC-RDR1

04-10

V1
The pages coded HC-MACR1 and HC-MACR2V5 attached to this certificate rider are added to your certificate.
Notice To Massachusetts Residents

This Open Access Plus In-Network Medical Benefits health plan meets Minimum Creditable Coverage standards and will satisfy the individual mandate that you have health insurance. For additional information, please see the section “Massachusetts Requirement to Purchase Health Insurance,” immediately preceding the Schedule.
Massachusetts Requirement To Purchase Health Insurance:

As of January 1, 2009, the Massachusetts Health Care Reform Law requires that Massachusetts residents, eighteen (18) years of age and older, must have health coverage that meets the Minimum Creditable Coverage standards set by the Commonwealth Health Insurance Connector, unless waived from the health insurance requirement based on affordability or individual hardship. For more information call the Connector at 1-877-MA-ENROLL or visit the Connector website (www.mahealthconnector.org).

This Open Access Plus In-Network Medical Benefits health plan meets Minimum Creditable Coverage standards that are effective January 1, 2018 as part of the Massachusetts Health Care Reform Law. If you purchase this plan, you will satisfy the statutory requirement that you have health insurance meeting these standards.

THIS DISCLOSURE IS FOR MINIMUM COVERAGE STANDARDS THAT ARE EFFECTIVE JANUARY 1, 2018. BECAUSE THESE STANDARDS MAY CHANGE, REVIEW YOUR HEALTH PLAN MATERIAL EACH YEAR TO DETERMINE WHETHER YOUR PLAN MEETS THE LATEST STANDARDS.

CIGNA HEALTH AND LIFE INSURANCE COMPANY, a Cigna company (hereinafter called Cigna)

CERTIFICATE RIDER

Policyholder:  City of Carrollton
Rider Eligibility:  Each Employee as noted within this certificate rider
Policy No. or Nos.:  3340084
Effective Date:  January 1, 2018

This rider forms a part of the certificate issued to you by Cigna describing the benefits provided under the policy(ies) specified above. This rider replaces any other issued to you previously.

IMPORTANT INFORMATION

For Residents of States other than the State of Texas:

State-specific riders contain provisions that may add to or change your certificate provisions.

The provisions identified in your state-specific rider, attached, are ONLY applicable to Employees residing in that state. The state for which the rider is applicable is identified at the beginning of each state specific rider in the "Rider Eligibility" section.

Additionally, the provisions identified in each state-specific rider only apply to:
(a) Benefit plans made available to you and/or your Dependents by your Employer;
(b) Benefit plans for which you and/or your Dependents are eligible;
(c) Benefit plans which you have elected for you and/or your Dependents;
(d) Benefit plans which are currently effective for you and/or your Dependents.

Please refer to the Table of Contents for the state-specific rider that is applicable for your residence state.

Anna Krishtul, Corporate Secretary
CIGNA HEALTH AND LIFE INSURANCE COMPANY, a Cigna company (hereinafter called Cigna)

CERTIFICATE RIDER – Colorado Residents

Rider Eligibility: Each Employee who is located in Colorado

You will become insured on the date you become eligible, including if you are not in Active Service on that date due to your health status.

This rider forms a part of the certificate issued to you by Cigna.

The provisions set forth in this rider comply with the legal requirements of Colorado group insurance plans covering insureds located in Colorado. These provisions supersede any provisions in your certificate to the contrary unless the provisions in your certificate result in greater benefits.

Definitions

Dependent
Dependents include:
• your lawful spouse or your partner in a Civil Union;

Emergency Service Provider
The term Emergency Service Provider means a local government, or an authority formed by two or more local governments, that provide fire-fighting and fire prevention services, emergency medical services, ambulance services, or search and rescue services, or a not-for-profit non-governmental entity organized for the purpose of providing any such services, through the use of bona fide volunteers.

Employee
The term Employee means a full-time employee of the Employer who is currently in Active Service. The term does not include employees who are part-time or temporary or who normally work less than 30 hours a week for the Employer. The term Employee may include officers, managers and Employees of the Employer, the bona fide volunteers if the Employer is an Emergency Service Provider, the partners if the Employer is a partnership, the officers, managers, and Employees of subsidiary or affiliated corporations of a corporation Employer, and the individual proprietors, partners, and Employees of individuals and firms, the business of which is controlled by the insured Employer through stock ownership, contract, or otherwise.

Employer
The term Employer means the Policyholder and all Affiliated Employers. The term Employer may include an Emergency Service Provider, any municipal or governmental corporation, unit, agency or department thereof, and the proper officers, as such, of an Emergency Service Provider or unincorporated municipality or department thereof, as well as private individuals, partnerships, and corporations.

CERTIFICATE RIDER – Florida Residents

Rider Eligibility: Each Employee who is located in Florida

The benefits of the policy providing your coverage are primarily governed by the law of a state other than Florida.

You will become insured on the date you become eligible, including if you are not in Active Service on that date due to your health status.
This rider forms a part of the certificate issued to you by Cigna.

The provisions set forth in this rider comply with the legal requirements of Florida group insurance plans covering insureds located in Florida. These provisions supersede any provisions in your certificate to the contrary unless the provisions in your certificate result in greater benefits.

Eligibility – Effective Date

Effective Date of Dependent Insurance

Insurance for your Dependents will become effective on the date you elect it by signing an approved payroll deduction form, but no earlier than the day you become eligible for Dependent Insurance. All of your Dependents as defined will be included. A newborn child will be covered for the first 31 days of life even if you fail to enroll the child. If you enroll the child after the first 31 days and by the 60th day after his birth, coverage will be offered at an additional premium. Coverage for an adopted child will become effective from the date of placement in your home or from birth for the first 31 days even if you fail to enroll the child. However, if you enroll the adopted child between the 31st and 60th days after his birth or placement in your home, coverage will be offered at an additional premium.

Covered Expenses

- charges made for or in connection with mammograms for breast cancer screening or diagnostic purposes, including, but not limited to: a baseline mammogram for women ages 35 through 39; a mammogram for women ages 40 through 49, every two years or more frequently based on the attending Physician's recommendations; a mammogram every year for women age 50 and over; and one or more mammograms upon the recommendation of a Physician for any woman who is at risk for breast cancer due to her family history; has biopsy proven benign breast disease; or has not given birth before age 30. A mammogram will be covered with or without a Physician’s recommendation, provided the mammogram is performed at an approved facility for breast cancer screening.

- charges made for diagnosis and Medically Necessary surgical procedures to treat dysfunction of the temporomandibular joint. Appliances and non-surgical treatment including for orthodontia are not covered.

- charges for the treatment of cleft lip and cleft palate including medical, dental, speech therapy, audiology and nutrition services, when prescribed by a Physician.

- charges for general anesthesia and hospitalization services for dental procedures for an individual who is under age 8 and for whom it is determined by a licensed Dentist and the child's Physician that treatment in a Hospital or ambulatory surgical center is necessary due to a significantly complex dental condition or developmental disability in which patient management in the dental office has proven to be ineffective; or has one or more medical conditions that would create significant or undue medical risk if the procedure were not rendered in a Hospital or ambulatory surgical center.

- charges for the services of certified nurse-midwives, licensed midwives, and licensed birth centers regardless of whether or not such services are received in a home birth setting.

- charges for or in connection with Medically Necessary diagnosis and treatment of osteoporosis for high risk individuals. This includes, but is not limited to individuals who: have vertebral abnormalities; are receiving long-term glucocorticoid (steroid) therapy; have primary hyperparathyroidism; have a family history of osteoporosis; and/or are estrogen-deficient individuals who are at clinical risk for osteoporosis.

- charges for an inpatient Hospital stay following a mastectomy will be covered for a period determined to be Medically Necessary by the Physician and in consultation with the patient. Postsurgical follow-up care may be provided at the Hospital, Physician's office, outpatient center, or at the home of the patient.

- charges for newborn and infant hearing screening and Medically Necessary follow-up evaluations. When ordered by the treating Physician, a newborn’s hearing screening must include auditory brainstem responses or evoked otocoustic emissions or other appropriate technology approved by the FDA. All screenings shall be conducted by a licensed audiologist, Physician, or supervised individual who has training specific to newborn hearing screening. Newborn means an age range from birth through 29 days. Infant means an age range from 30 days through 12 months.

In addition, Covered Expenses will include expenses incurred at any of the Approximate Age Intervals shown below, for a Dependent child who is age 15 or less, for charges made for Child Preventive Care Services consisting of the following...
services delivered or supervised by a Physician, in keeping with prevailing medical standards:

- a history;
- physical examination;
- development assessment;
- anticipatory guidance; and
- appropriate immunizations and laboratory tests;

excluding any charges for:

- more than one visit to one provider for Child Preventive Care Services at each of the Approximate Age Intervals, up to a total of 18 visits for each Dependent child;
- services for which benefits are otherwise provided under this Covered Expenses section;
- services for which benefits are not payable, according to the Expenses Not Covered section.

It is provided that any Deductible that would otherwise apply will be waived for those Covered Expenses incurred for Child Preventive Care Services. Approximate Age Intervals are:

- Birth, 2 months, 4 months, 6 months, 9 months, 12 months, 15 months, 18 months, 2 years, 3 years, 4 years, 5 years, 6 years, 8 years, 10 years, 12 years, 14 years and 15 years.

### Medical Conversion Privilege

#### For You and Your Dependents

When a person's Medical Expense Insurance ceases, he may be eligible to be insured under an individual policy of medical care benefits (called the Converted Policy).

A Converted Policy will be issued by Cigna only to a person who:

- resides in a state that requires offering a conversion policy,
- is Entitled to Convert, and
- applies in writing and pays the first premium for the Converted Policy to Cigna within 31 days after the date his insurance ceases. Evidence of good health is not needed.

#### Employees Entitled to Convert

You are Entitled to Convert Medical Expense Insurance for yourself and all of your Dependents who were insured when your insurance ceased but only if:

- you are not eligible for other individual insurance coverage on a guaranteed issue basis.
- you have been insured for at least three consecutive months under the policy or under it and a prior policy issued to the Policyholder.
- your insurance ceased because you were no longer in Active Service or no longer eligible for Medical Expense Insurance.
- you are not eligible for Medicare.
- you would not be Overinsured.
- you have paid all required premium or contribution.
- you have not performed an act or practice that constitutes fraud in connection with the coverage.
- you have not made an intentional misrepresentation of a material fact under the terms of the coverage.
- your insurance did not cease because the policy in its entirety canceled.

If you retire, you may apply for a Converted Policy within 31 days after your retirement date in place of any continuation of your insurance that may be available under this plan when you retire, if you are otherwise Entitled to Convert.

#### Dependents Entitled to Convert

The following Dependents are also Entitled to Convert:

- a child who is not eligible for other individual insurance coverage on a guaranteed issue basis, and whose insurance under this plan ceased because he no longer qualifies as a Dependent or because of your death;
- a spouse who is not eligible for other individual insurance coverage on a guaranteed issue basis, and whose insurance under this plan ceased due to divorce, annulment of marriage or your death;
- your Dependents whose insurance under this plan ceased because your insurance ceased solely because you are eligible for Medicare;

but only if that Dependent: is not eligible for other individual insurance coverage on a guaranteed issue basis, is not eligible for Medicare, would not be Overinsured, has paid all required premium or contribution, has not performed an act or practice that constitutes fraud in connection with the coverage, and has not made an intentional misrepresentation of a material fact under the terms of the coverage.
**Overinsured**

A person will be considered Overinsured if either of the following occurs:

- his insurance under this plan is replaced by similar group coverage within 31 days.
- the benefits under the Converted Policy, combined with Similar Benefits, result in an excess of insurance based on Cigna's underwriting standards for individual policies.

Similar Benefits are: those for which the person is covered by another hospital, surgical or medical expense insurance policy, or a hospital, or medical service subscriber contract, or a medical practice or other prepayment plan or by any other plan or program; those for which the person is eligible, whether or not covered, under any plan of group coverage on an insured or uninsured basis; or those available for the person by or through any state, provincial or federal law.

**Converted Policy**

If you reside in a state that requires the offering of a conversion policy, the Converted Policy will be one of Cigna's current conversion policy offerings available in the state where you reside, as determined based upon Cigna's rules.

The Converted Policy will be issued to you if you are Entitled to Convert, insuring you and those Dependents for whom you may convert. If you are not Entitled to Convert and your spouse and children are Entitled to Convert, it will be issued to the spouse, covering all such Dependents. Otherwise, a Converted Policy will be issued to each Dependent who is Entitled to Convert. The Converted Policy will take effect on the day after the person's insurance under this plan ceases. The premium on its effective date will be based on: class of risk and age; and benefits.

During the first 12 months the Converted Policy is in effect, the amount payable under it will be reduced so that the total amount payable under the Converted Policy and the Medical Benefits Extension of this plan (if any) will not be more than the amount that would have been payable under this plan if the person's insurance had not ceased. After that, the amount payable under the Converted Policy will be reduced by any amount still payable under the Medical Benefits Extension of this plan (if any). Cigna or the Policyholder will give you, on request, further details of the Converted Policy.

**Medically Benefits Extension Upon Policy Cancellation**

If the Medical Benefits under this plan cease for you or your Dependent due to cancellation of the policy, and you or your Dependent is Totally Disabled on that date due to an Injury, Sickness or pregnancy, Medical Benefits will be paid for Covered Expenses incurred in connection with that Injury, Sickness or pregnancy. However, no benefits will be paid after the earliest of:

- the date you exceed the Maximum Benefit, if any, shown in the Schedule;
- the date a succeeding carrier agrees to provide coverage without limitation for the disabling condition;
- the date you are no longer Totally Disabled;
- 12 months from the date the policy is canceled; or
- for pregnancy, until delivery.

**Totally Disabled**

You will be considered Totally Disabled if, because of an Injury or a Sickness:

- you are unable to perform the basic duties of your occupation; and
- you are not performing any other work or engaging in any other occupation for wage or profit.

Your Dependent will be considered Totally Disabled if, because of an Injury or a Sickness:

- he is unable to engage in the normal activities of a person of the same age, sex and ability; or
- in the case of a Dependent who normally works for wage or profit, he is not performing such work.

**Definitions**

**Dependent – For Medical Insurance**

A child includes a legally adopted child, including that child from the date of placement in the home or from birth provided that a written agreement to adopt such child has been entered into prior to the birth of such child. Coverage for a legally adopted child will include the necessary care and treatment of an Injury or a Sickness existing prior to the date of placement or adoption. Coverage is not required if the adopted child is ultimately not placed in your home.

A child includes a child born to an insured Dependent child of yours until such child is 18 months old.
CERTIFICATE RIDER – Illinois Residents

Rider Eligibility: Each Employee who is located in Illinois

You will become insured on the date you become eligible, including if you are not in Active Service on that date due to your health status.

This rider forms a part of the certificate issued to you by Cigna.

The provisions set forth in this rider comply with the legal requirements of Illinois group insurance plans covering insureds located in Illinois. These provisions supersede any provisions in your certificate to the contrary unless the provisions in your certificate result in greater benefits.

The Schedule

If your medical plan is subject to a Lifetime Maximum or Preventive Care Maximum, The Schedule is amended to indicate that Mammogram charges do not accumulate towards those maximums. In addition, In-Network Preventive Care Related (i.e. “routine”) Mammograms will be covered at “No charge”.

Covered Expenses

- charges made for or in connection with low-dose mammography screening for detecting the presence of breast cancer. Coverage shall include: a baseline mammogram for women ages 35 to 39; an annual mammogram for women age 40 and older; and mammograms at intervals considered Medically Necessary for women less than age 40 who have a family history of breast cancer, prior personal history of breast cancer, positive genetic testing or other risk factors. Coverage also includes a comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when determined Medically Necessary by a Physician licensed to practice medicine in all of its branches.
- Low dose mammography means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, compression device and image receptor, with radiation exposure delivery of less than one rad per breast for two views of an average size breast.
- charges made for complete and thorough clinical breast exams performed by a Physician licensed to practice medicine in all its branches, an advanced practice nurse who has a collaborative agreement with a collaborating Physician that authorizes breast examinations, or a Physician assistant who has been delegated authority to provide breast examinations. Coverage shall include such an exam at least once every three years for women ages 20 to 40; and annually for women 40 years of age or older.

CERTIFICATE RIDER – Kentucky Residents

Rider Eligibility: Each Employee who is located in Kentucky

You will become insured on the date you become eligible, including if you are not in Active Service on that date due to your health status.

This rider forms a part of the certificate issued to you by Cigna.

The provisions set forth in this rider comply with the legal requirements of Kentucky group insurance plans covering insureds located in Kentucky. These provisions supersede any provisions in your certificate to the contrary unless the provisions in your certificate result in greater benefits.

Covered Expenses

- charges for cochlear implants for persons age 2 and over with the diagnosis of profound sensorineural deafness or
postlingual deafness in adults. Cochlear implants for children under age 2 will be covered when, upon review, they are determined to be Medically Necessary.

- charges for the diagnosis and treatment of Autism Spectrum Disorders:
  
  treatment for Autism Spectrum Disorders includes medical care, habilitative or rehabilitative care, pharmacy if covered by the plan, psychiatric care, psychological care, therapeutic care, and applied behavior analysis prescribed or ordered by a licensed health professional. Coverage is not subject to visit limits. Coverage is not subject to copayments, deductibles, or coinsurance that is less favorable than those applied to other covered services.

  Cigna may request utilization review of the treatment once every 12 months, unless Cigna and the covered person’s licensed Physician, psychiatrist, or psychologist agree that a more frequent review is necessary.

- charges for a telehealth consultation provided the treating Physician or other provider facilitating the use of telehealth ensures that: informed consent of the patient or another person with authority to make the health care treatment decision for the patient, is obtained before covered services are provided through telehealth; and that the confidentiality of the patient’s medical information and quality of care protocols are maintained. Telehealth means the use of interactive, audio, video or other electronic media to deliver health care. It includes the use of electronic media for diagnosis, consultation, treatment, transfer of medical data and medical education.

- charges for the necessary care and treatment of medically diagnosed inherited metabolic diseases. Coverage must include amino acid modified preparations and low protein modified food products for the treatment of inherited metabolic diseases provided that the amino acid products are prescribed as Medically Necessary for the therapeutic treatment of inherited metabolic diseases, and are administered under the direction of a Physician. prescribed. Coverage for one additional bottle of prescription eye drops limited to one bottle every three months if needed for daycare or school.

### Supply Limit Exceptions

For non-controlled substances, call member services to find out what the supply policy exceptions are, if you need to refill a prescription before your current supply ends.

**CIGNA HEALTH AND LIFE INSURANCE COMPANY**, a Cigna company (hereinafter called Cigna)

**CERTIFICATE RIDER** – Massachusetts Residents

Rider Eligibility: Each Employee who is located in Massachusetts

You will become insured on the date you become eligible, including if you are not in Active Service on that date due to your health status.

This rider forms a part of the certificate issued to you by Cigna.

The provisions set forth in this rider comply with the legal requirements of Massachusetts group insurance plans covering insureds located in Massachusetts. These provisions supersede any provisions in your certificate to the contrary unless the provisions in your certificate result in greater benefits.

---

**Prescription Drug Benefits**

**Limitations**

**Prescription Eye Drops**

For prescription eye drops, an early refill will be allowed if the prescribing practitioner indicates on the original prescription that additional quantities are needed and the refill you request does not exceed the number of additional quantities.
Eligibility - Effective Date

Dependent Insurance

Exception for Newborns

Any Dependent child including the newborn infant of a Dependent, an adopted child or foster child born while you are insured will become insured on the date of his birth if you elect Dependent Insurance no later than 31 days after his birth. If you do not elect to insure your newborn child within such 31 days, coverage for that child will end on the 31st day. No benefits for expenses incurred beyond the 31st day will be payable.

Covered Expenses

Covered Expenses include expenses incurred at any of the Approximate Intervals shown below for a Dependent child who is age 5 or less for charges made for Child Preventive Care Services consisting of the following services delivered or supervised by a Physician, in keeping with prevailing medical standards:

- a history; physical examination; development assessment; anticipatory guidance; and appropriate immunizations and laboratory tests;
- measurements; sensory screening; neuropsychiatric evaluation; hereditary and metabolic screening at birth; TB test; hematocrit; other appropriate blood tests and urinalysis; special medical formulas approved by the Commissioner of Public Health, prescribed by a Physician, and Medically Necessary for treatment of PKU, tyrosinemia, homocystinuria, maple syrup urine disease, and propionic acidemia or methylmalonic acidemia in infants and children or Medically Necessary to protect the unborn fetuses of pregnant women with PKU.

excluding any charges for:

- more than one visit to one provider for Child Preventive Care Services at each of the Approximate Intervals up to a total of 12 visits for each Dependent child;
- services for which benefits are otherwise provided under this medical benefits section;
- services for which benefits are not payable according to the Expenses Not Covered section.

Approximate Intervals are:

- six times during the first year of life;
- three times during the second year of life;
- annually each year thereafter through the fifth year of life.

Covered Expenses also include expenses incurred for Dependent children from birth until the child's third birthday for Early Intervention Services, up to the Medically Necessary Early Intervention Services Maximum shown in The Schedule, to include: occupational, physical and speech therapy, nursing care and psychological counseling.

These services must be delivered by certified early intervention specialists, as defined by the early intervention operational standards by the Massachusetts Department of Public Health and in accordance with applicable certification requirements.

- charges made for or in connection with mammograms for breast cancer screening, not to exceed: one baseline mammogram for women age 35 but less than 40, and a mammogram annually for women age 40 and over.
- charges made for screening for lead poisoning of a Dependent child from birth until 6 years of age.
- charges for treatment of an Injury or Sickness of an eligible newborn or adopted child, including the necessary care and treatment of medically-diagnosed congenital defects and birth abnormalities or premature birth.
- charges for a minimum of 48 hours of inpatient care following a vaginal delivery and a minimum of 96 hours of inpatient care following a caesarean section for a mother and her newborn child. Any decision to shorten such minimum coverage will be made in accordance with rules and regulations promulgated by the Massachusetts Department of Public Health relative to early discharge (less than 48 hours for a vaginal delivery and 96 hours for a caesarean delivery) and postdelivery care, including but not limited to: home visits; parent education; assistance and training in breast or bottle feeding; and the performance of any necessary and appropriate clinical tests. The first home visit may be conducted by a registered nurse, Physician or certified nurse-midwife. Any subsequent home visit determined to be clinically necessary must be provided by a licensed health care provider.
- charges made for cardiac rehabilitation, according to standards developed by the Massachusetts Department of Public Health. Cardiac rehabilitation means a multidisciplinary, Medically Necessary treatment of persons with documented cardiovascular disease, provided in either a Hospital or other setting and meeting standards set forth by the Massachusetts Commissioner of Public Health.
Short-Term Rehabilitative Therapy and Chiropractic Care Services

- charges made for Short-term Rehabilitative Therapy that is part of a rehabilitative program, including physical, speech, occupational, cognitive, osteopathic manipulative, and pulmonary rehabilitation therapy, when provided in the most medically appropriate setting. Also included are services that are provided by a chiropractic Physician when provided in an outpatient setting. Services of a chiropractic Physician include the conservative management of acute neuromusculoskeletal conditions through manipulation and ancillary physiological treatment that is rendered to restore motion, reduce pain and improve function.

The following limitation applies to Short-term Rehabilitative Therapy and Chiropractic Care Services:

- occupational therapy is provided only for purposes of enabling persons to perform the activities of daily living after an Injury or Sickness.

Short-term Rehabilitative Therapy and Chiropractic Care services that are not covered include but are not limited to:

- sensory integration therapy, group therapy; treatment of dyslexia; behavior modification or myofunctional therapy for dysfluency, such as stuttering or other involuntarily acted conditions without evidence of an underlying medical condition or neurological disorder;
- treatment for functional articulation disorder such as correction of tongue thrust, lisp, verbal apraxia or swallowing dysfunction that is not based on an underlying diagnosed medical condition or Injury;
- maintenance or preventive treatment consisting of routine, long term or non-Medically Necessary care provided to prevent recurrences or to maintain the patient’s current status.

The following are specifically excluded from Chiropractic Care Services:

- services of a chiropractor which are not within his scope of practice, as defined by state law;
- vitamin therapy.

If your plan is subject to Copayments, a separate Copayment will apply to the services provided by each provider.

Definitions

Dependent

Dependents include:

- your former spouse, unless the divorce decree provides otherwise.

A child includes:

- a legally adopted child. Coverage for an adopted child will begin: on the date of the filing of a petition to adopt such a child, provided the child has been residing in your home as a foster child, and for whom you have been receiving foster care payments; or when a child has been placed in your home by a licensed placement agency for purposes of adoption;
- a child born to one of your Dependent children, as long as your grandchild is living with you and: your Dependent child is insured; or your grandchild is primarily supported by you.

CIGNA HEALTH AND LIFE INSURANCE COMPANY, a Cigna company (hereinafter called Cigna)

CERTIFICATE RIDER – New Mexico Residents

Rider Eligibility: Each Employee who is located in New Mexico

You will become insured on the date you become eligible, including if you are not in Active Service on that date due to your health status.

This rider forms a part of the certificate issued to you by Cigna.

The provisions set forth in this rider comply with the legal requirements of New Mexico group insurance plans covering insureds located in New Mexico. These provisions supersede any provisions in your certificate to the contrary unless the provisions in your certificate result in greater benefits.
Definitions

Certification
The term Certification means a decision by Cigna that a Health Care Service requested by a Provider or Grievant has been reviewed and, based upon the information available, meets Cigna’s requirements for coverage and Medical Necessity, and the requested Health Care Service is therefore approved.

Covered Person
The term Covered Person means a policyholder, subscriber, enrollee, or other individual entitled to receive health care benefits provided by a Health Benefits Plan, and includes Medicaid recipients enrolled in a Health Care Insurer's Medicaid plan and individuals whose health insurance coverage is provided by an entity that purchases or is authorized to purchase health care benefits pursuant to the New Mexico Health Care Purchasing Act.

Culturally and Linguistically Appropriate Manner of Notice
The term Culturally and Linguistically Appropriate Manner of Notice means:

- A grievance related notice that meets the following requirements:
  - oral language services provided by Cigna (such as a telephone customer assistance hotline) that includes answering questions in any applicable non-English language and providing assistance with filing claims and appeals (including external review) in any applicable non-English language;
  - a grievance related notice provided by Cigna, upon request, in any applicable non-English language;
  - included in the English versions of all grievance related notices provided by Cigna, a statement prominently displayed in any applicable non-English language clearly indicating how to access the language services provided by Cigna; and
  - for purposes of this definition, with respect to an address in any New Mexico county to which a grievance related notice is sent, a non-English language is an applicable non-English language if ten percent (10%) or more of the population residing in the county is literate only in the same non-English language, as determined by the department of health and human services (HHS); the counties that meet this ten percent (10%) standard, as determined by HHS, are found at [http://cciio.cms.gov/resources/factsheets/clas-data.html](http://cciio.cms.gov/resources/factsheets/clas-data.html) and any necessary changes to this list are posted by HHS annually.

Grievant
The term Grievant means any of the following:

- A policyholder, subscriber, enrollee, or other individual, or that person’s authorized representative or provider, acting on behalf of that person with that person’s consent, entitled to receive health care benefits provided by Cigna;
- An individual, or that person’s authorized representative, who may be entitled to receive health care benefits provided by Cigna;
- Medicaid recipients enrolled in a Cigna Medicaid plan, if Cigna offers such a plan.

If Cigna purchases or is authorized to purchase health care coverage pursuant to the New Mexico Health Care Purchasing Act, a Grievant includes individuals whose health insurance coverage is provided by such coverage.

Health Benefits Plan
The term Health Benefit Plan means a health plan or a policy, contract, certificate or agreement offered or issued by a Health Care Insurer or plan administrator to provide, deliver, arrange for, pay for, or reimburse the costs of Health Care Services; this includes a Traditional Fee-For-Service Health Benefits Plan.
Health Care Insurer
The term Health Care Insurer means a person that has a valid certificate of authority in good standing issued pursuant to the Insurance Code to act as an insurer, health maintenance organization, nonprofit health care plan, fraternal benefit society, vision plan, or pre-paid dental plan.

HC-DFS480  04-10  V2-ET

Health Care Professional
The term Health Care Professional means a Physician or other health care practitioner, including a pharmacist, who is licensed, certified or otherwise authorized by the state to provide Health Care Services consistent with state law.

HC-DFS488  04-10  V2-ET

Health Care Services
The term Health Care Services means services, supplies, and procedures for the diagnosis, prevention, treatment, cure or relief of a health condition, illness, injury, or disease, and includes, to the extent offered by the Health Benefits Plan, physical and mental health services, including community-based mental health services, and services for developmental disability or developmental delay.

HC-DFS481  04-10  V2-ET

Hearing Officer, Independent Co-Hearing Officer or ICO
The terms Hearing Officer, Independent Co-Hearing Officer or ICO mean a health care or other professional licensed to practice medicine or another profession who is willing to assist the superintendent as a Hearing Officer in understanding and analyzing Medical Necessity and coverage issues that arise in external review hearings.

HC-DFS482  04-10  V2-ET

Medical Necessity or Medically Necessary
The terms Medical Necessity or Medically Necessary mean Health Care Services determined by a Provider, in consultation with the Health Care Insurer, to be appropriate or necessary, according to any applicable generally accepted principles and practices of good medical care or practice guidelines developed by the federal government, national or professional medical societies, boards and associations, or any applicable clinical protocols or practice guidelines developed by the Health Care Insurer consistent with such federal, national, and professional practice guidelines, for the diagnosis or direct care and treatment of a physical, behavioral, or mental health condition, illness, injury, or disease.

HC-DFS483  04-10  V2-ET

Provider
The term Provider means a duly licensed Hospital or other licensed facility, Physician, or other Health Care Professional authorized to furnish Health Care Services within the scope of their license.

HC-DFS484  04-10  V2-ET

Rescission of Coverage
The term Rescission of Coverage means a cancellation or discontinuance of coverage that has retroactive effect; a cancellation or discontinuance of coverage is not a rescission if:
- the cancellation or discontinuance of coverage has only a prospective effect; or
- the cancellation or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

HC-DFS608  05-12  ET

Termination of Coverage
The term Termination of Coverage means the cancellation or non-renewal of coverage provided by Cigna to a Grievant but does not include a voluntary termination by a Grievant or termination of a Health Benefits Plan that does not contain a renewal provision.

HC-DFS485V2  05-12  ET
**Traditional Fee-For-Service Indemnity Benefit**
The term Traditional Fee-For-Service Indemnity Benefit means a fee-for-service indemnity benefit, not associated with any financial incentives that encourage Grievants to utilize preferred Providers, to follow pre-authorization rules, to utilize prescription drug formularies or other cost-saving procedures to obtain prescription drugs, or to otherwise comply with a plan's incentive program to lower cost and improve quality, regardless of whether the benefit is based on an indemnity form of reimbursement for services.

**Uniform Standards**
The term Uniform Standards means all generally accepted practice guidelines, evidence-based practice guidelines or practice guidelines developed by the federal government or national and professional medical societies, boards and associations, and any applicable clinical review criteria, policies, practice guidelines, or protocols developed by the Health Care Insurer consistent with the federal, national, and professional practice guidelines that are used by a Health Care Insurer in determining whether to certify or deny a requested Health Care Service.

**Utilization Management Determinations**
The term Utilization Management Determinations means the outcome, including Certification and adverse determination, of the review and evaluation of Health Care Services and settings for Medical Necessity, appropriateness, efficacy, and efficiency.
