SUBJECT: Consider And Take Final Action On A **Replat Of Simmons Parkway Hayes Booth Additions, Lot 1, Block 1, Booth Industrial District, Lot 1, Block 1, Sandy Lake Road Development Company Addition, Lot 1, Block 1, Western Extrusion Addition, Lot 1R, Block 1, Harley Davidson Of North Texas Addition, Lot 1R, Block 1, Western Extrusions Corporation Tract, And The Right Of Way Abandoned By Ordinance 3950 (Simmons Parkway And A Portion of Booth Drive)** For Tracts Totaling Approximately 64.4-Acres Located Along The South Side Of Sandy Lake Road And North Side Of Luna Road, Approximately 150 Feet West Of IH-35E, Creating One Lot From Several Tracts, Dedicating Easements And Right-Of-Way For The Booth Drive Cul-De-Sac. **Case No. PLRP 2020-110 Western Extrusion Addition And Harley Davidson Of North Texas Addition.** Case Coordinator: Molly J. Coryell.

BACKGROUND:

The purpose of the replat is to combine several parcels into a single lot of record, establish easements, and dedicate right-of-way for the Booth Road cul-de-sac.

Public right-of-way is being dedicated by this plat. Due to this dedication, the Commission must find that the right-of-way dedication is necessary and proportional to the proposed development.

FINANCIAL IMPLICATIONS:

There are no financial implications on the current and future operating budgets regarding this request.

STAFF RECOMMENDATION/ACTION DESIRED:

Staff recommends **APPROVAL** with one stipulation.

STAFF ANALYSIS

PROPOSAL

The applicant is requesting a replat to combine several parcels into a single lot of record, establish easements, and dedicate right-of-way for the Booth Road cul-de-sac.

PLAT ELEMENTS

Dedication:

Approximately 4,621 square feet of right-of-way is being dedicated by this plat in order to create a cul-de-sac for Booth Drive.

The replat dedicates several easements for the purpose of new development on the site, primarily in the portion of Simmons Parkway that was abandoned by Ordinance No. 3950.

ZONING ORDINANCE

The replat request is consistent with the Comprehensive Zoning Ordinance for the (FWY) Freeway District and (LI) Light Industrial District regulations.

SUBDIVISION ORDINANCE

Article VII. Replat, of the Comprehensive Subdivision Ordinance sets forth certain technical content requirements for a replat. The general elements shown on the replat meet these requirements.

CONCLUSION

The replat is in conformance with the Comprehensive Subdivision and Zoning Ordinances once the stipulation is met.

REPRESENTED BY: Mike Linke / Prism Surveys

STAFF ANALYSIS

PROPOSAL

Applicant is requesting approval of a conveyance plat to establish lot lines for the purpose of completing a land sale.

PLAT ELEMENTS

The conveyance plat establishes new lot lines for a portion of unplatted land in order to create a platted tract that can be sold as a legal lot of record.

General Note No. 5 on page 2 of the plat clarifies that the conveyance plat does not give approval for development on this site until the site establishes easements for the purpose of development – which shall be done via a replat in the future.

ZONING ORDINANCE

The conveyance plat request is consistent with the Comprehensive Zoning Ordinance for the (O-4) Office District.

SUBDIVISION ORDINANCE

Article 8, Section E, Miscellaneous Plats and Abandonments of the Comprehensive Subdivision Ordinance sets forth certain technical content requirements for a conveyance plat. The general elements shown on the plat meet these requirements.

CONCLUSION

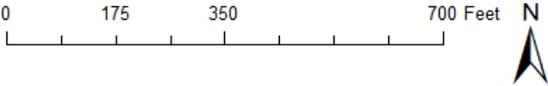

The conveyance plat is in conformance with the Comprehensive Subdivision and Zoning Ordinances.

P&Z MEETING DATE: October 1, 2020

DATE: September 24, 2020

TO: Planning & Zoning Commission

FROM: Loren Shapiro, Chief Planner

SUBJECT: Consider And Take Final Action On A **Replat Of Thomas Place** For An Approximately 19.977-Acre Tract Located On The East Side Of Denton Drive And North Side Of Hutton Branch Creek. **Case No. PLRP 20-109 Thomas Place.** Case Coordinator: Loren Shapiro.

BACKGROUND:

The purpose of the replat is to relocate a Federal Emergency Management Agency (FEMA) floodplain line and correct dedication language for two street easements along Jackson Street. A Letter of Map Revision has been approved by FEMA allowing the adjustment of the floodplain line. The new floodplain line removes several single family lots from inside the floodplain.

There are no changes to existing easements, right-of-way, or lot lines with this replat.

FINANCIAL IMPLICATIONS:

There are no financial implications on the current and future operating budgets regarding this request.

RESIDENTIAL REPLAT

Case Coordinator: Loren Shapiro

GENERAL PROJECT INFORMATION

ZONING: PD-213 for the (SF-5/12) Single-Family Residential Detached and (SF-TH) Single-Family Townhouse Residential Districts

	<u>SURROUNDING ZONING</u>	<u>SURROUNDING LAND USES</u>
NORTH	(SF-7/14) Single-Family Residential, (D) Duplex, and (MF-18) Multifamily Districts	Single-Family Detached, Duplex, and Multifamily
SOUTH	(SF-7/14) Single-Family Residential District and Downtown Transit Center, Urban Fringe and Urban General	Single-Family Detached and Rail Yard
EAST	PD-15 for the (SF-7/14) Single-Family Detached Residential District	Single-Family Detached
WEST	PD-199 for the (SF-7/14) Single-Family Detached Residential District	Single-Family Detached

REQUEST: Request to replat and reestablish the location of the FEMA floodplain and correct dedication language for two street easements along Jackson Street. The replat will not change existing lot lines, easements or right-of-way.

PROPOSED USE: Single-Family Residential Detached and Attached

ACRES/LOTS: 19.977-acres/1 lot

LOCATION: East side of Denton Drive and north side of Hutton Branch Creek

HISTORY: On February 6, 2018 City Council approved rezoning the property to PD-213 for the (SF 5/12) Single-Family Residential Detached and Townhouse Residential Districts. Beforehand, the properties were zoned Transit Center Urban Fringe and Urban General since 2005.

A replat was approved by the Planning and Zoning Commission on May 3, 2018 for 36 townhome lots, 35 casita lots, 21 villa lots, and nine common area tracts with residential streets and easements. The subdivision replat was filed with Dallas County on May 6, 2020.

COMPREHENSIVE PLAN: Mixed-Use Urban Transit

TRANSPORTATION PLAN: Denton Drive is designated a (C4U) 4-Lane Undivided Collector.

OWNER: City of Carrollton, Thomas Place Development, Ltd.; David Weekley Homes and Kindred Homes

REPRESENTED BY: Greg Helsel, Spiars Engineering

STAFF ANALYSIS

REQUEST

The purpose of this replat is to relocate the FEMA floodplain line from several single-family lots. The relocation of the floodplain line is a result of a Letter of Map Revision (LOMR) approved by FEMA. The replat also corrects wording for the dedication of two street easements to the City along Jackson Street.

PLAT ELEMENTS

Three single-family residential types, number of lots and tract configurations remain the same in the Thomas Place Subdivision. There are still 36 townhouses, 35 casitas, 21 villas, and 9 common area lots proposed.

Easements/Right-of-Way:

The subdivision configuration remains the same. No lot lines, street right-of-way or easements are modified with the replat.

ZONING ORDINANCE

The property is zoned PD-213 for the (SF-5/12) Single-Family and (SF-TH) Single-Family Townhouse Residential District. The planned development allows three housing lot types – Townhouse (single-family attached) and two single-family detached – Casitas and Villas.

The replat meets the requirements of PD-213 for the (SF-5/12) Single-Family and (SF-TH) Single-Family Townhouse Residential District standards.

SUBDIVISION ORDINANCE

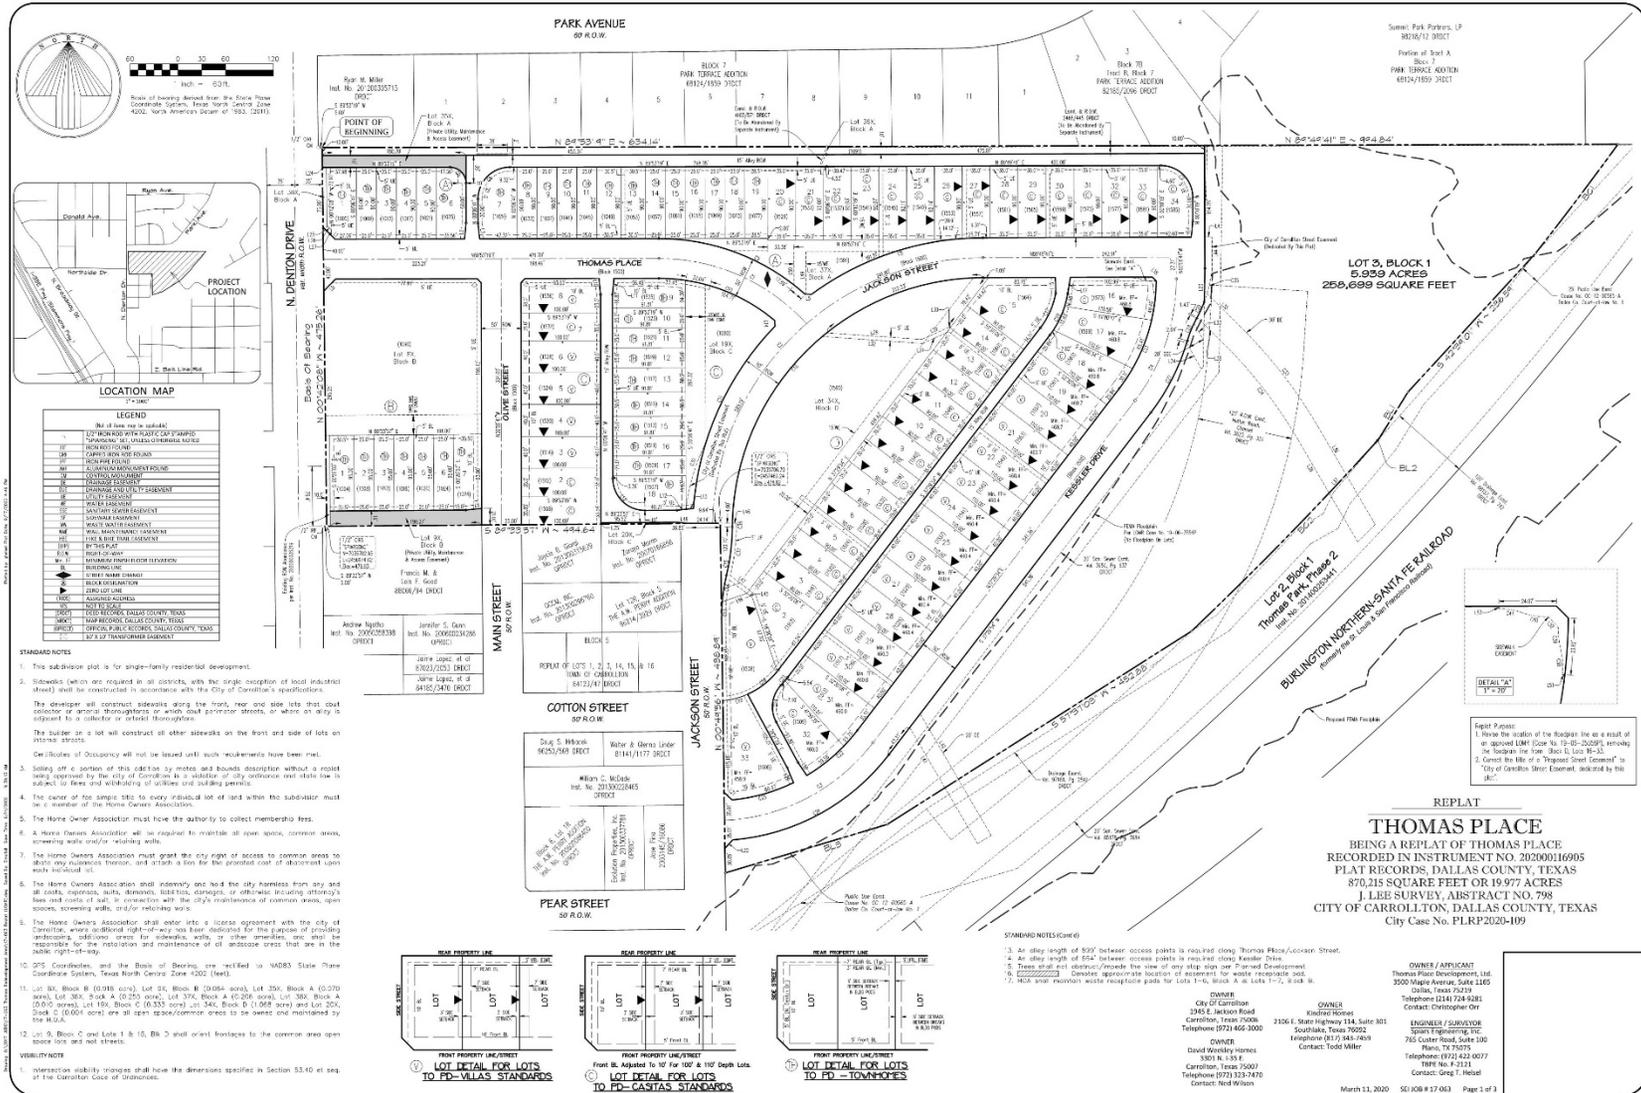

The proposed replat meets the requirements of the Subdivision Ordinance and does not modify the previously approved replat including the lot configuration, street right-of-way or easements.

CONCLUSION

The proposed replat is in conformance with all requirements of the Comprehensive Subdivision and Zoning Ordinances. Staff recommends approval of the replat, as submitted.

STAFF ANALYSIS

PROPOSAL

This is a request for approval of a Technical Site Plan for a new approximately 7,200 square foot drive-through restaurant.

ORDINANCE REQUIREMENTS

Article V of the Comprehensive Zoning Ordinance requires a TSP for drive-through restaurants on properties zoned (HC) Heavy Commercial District.

Per Article XXVIII Special Conditions & Development Standards, Section F of the Comprehensive Zoning Ordinance (CZO), an approved Technical Site Plan shall expire if a building permit has not been applied for within two years from the date of site plan approval. The same section also limits the Planning and Zoning Commission's review of the Technical Site Plan to the following:

1. Provision of a safe and efficient vehicular and pedestrian circulation system.
2. Design and location of off-street parking and loading facilities to ensure that all such spaces are usable and are safely and conveniently arranged.
3. Use of landscaping and screening to provide adequate buffers to shield lights, noise, movement or activities from adjacent properties when necessary.
4. The placement and orientation of buildings and other facilities.

ELEMENTS TO CONSIDER

1. The proposed parking, stacking, and landscaping meet the requirements of the Comprehensive Zoning ordinance.
2. The building will be sprinklered and the site has adequate hose-lay coverage with the proposed location for the fire lanes.

CONCLUSION

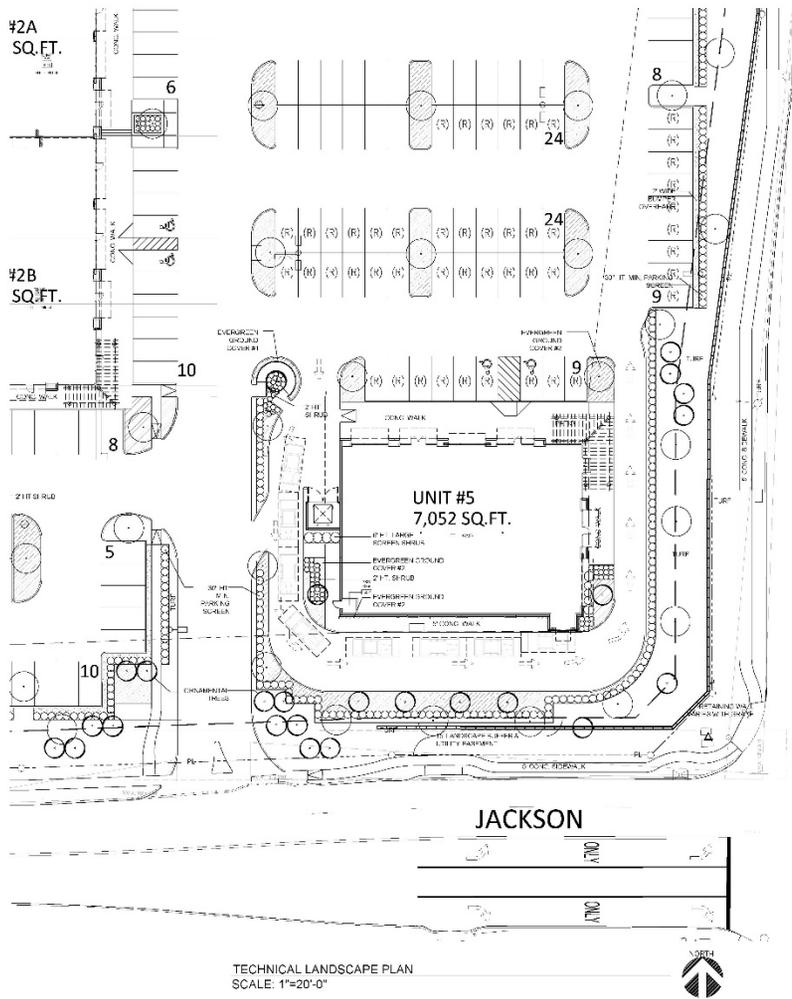

Staff believes the development proposal is consistent with the CZO, and therefore finds the proposal appropriate for this site.

STAFF ANALYSIS

PROPOSAL:

This is a request to amend Planned Development (PD-218) for the (O-2) Office District to allow an “Other Individual & Family Services” use for phased occupancy of an existing building with future expansion. The applicant proposes to develop the property in three phases leading to the replacement of the existing building with a new facility within 60 months.

ZONING

1. The Comprehensive Zoning Ordinance describes Metrocrest Services as an “Other Individual & Family Services” use under Article V *Use of Land and Structures*.
2. The property is zoned PD-218 for the (O-2) allowing “Other Individual & Family Services” but only as provided on the concept plans (in a new facility). The use is not allowed to operate in the existing building with the current zoning.

ELEMENTS TO CONSIDER

3. Metrocrest Services provides programs to individuals, families, and seniors in need that lead to self-sufficiency and fosters independence. The non-profit organization operates at a leased facility at 13801 Hutton Drive in Farmers Branch.
4. Metrocrest Services had planned relocation to the subject property upon completion of the new facility (shown on the approved concept plans). However, with ongoing COVID pandemic, the demand for services has increased dramatically, exceeding the capacity of their current facility in Farmers Branch.
5. Metrocrest Services is requesting an amendment to the PD to allow operations to occur in the existing First Christian Church building. The applicant proposes three phases to mitigate traffic and land use compatibility (See applicant’s narrative). The three phases are provided as exhibits in the staff report.
6. Phase 1 proposes administrative offices and a food pantry, without warehouse storage, occupying the existing building.
 - a. A volunteer shelter will occupy a temporary shipping container along the south side of the building. The shipping container shall be removed from the property prior to issuance of a certificate of occupancy for the new facility (Phase 3).
 - b. An access gate would close public access to the existing driveway from Walnut Avenue, except for emergency vehicles. Limiting access to the property from Walnut Avenue will reduce traffic impact for residents in homes along the street.
 - c. Additional landscaping shall be added along Josey Lane and Walnut Avenue. Ornamental metal fencing shall be provided adjacent to Walnut Avenue.
 - d. A landscaped parking lot, access driveway to Josey Lane, and temporary fire lane will be constructed to the east and north of the existing building.

7. Phase 2 allows Metrocrest Services to occupy the existing building during construction of the new facility.
 - a. Phase 2 includes parking lot expansion to the northeast, and completion of landscaping along Josey Lane and Pearl Street.
 - b. A new driveway is added from Pearl Street.
 - c. The classroom and office wing of the existing church would be demolished.
8. Phase 3 (Completed Facility - Master Plan)
 - a. Includes the completion of the permanent facility and demolition of the remaining existing building.
 - b. The facility will include administrative offices, a food pantry and storage for food donations, and a community garden.
 - c. All remaining landscaping, parking, loading spaces, and connection of the fire lanes shall be completed.
 - d. Phase 3 closes driveway access permanently to Walnut Avenue and removes the old driveway access from Pearl Street. The proposal will not have vehicular access to and from Walnut Avenue, removing any non-residential traffic into the facility.
 - e. The shipping container shall be removed from the property prior to issuance of a certificate of occupancy for the new facility.
 - f. The proposed Phase 3 plan is identical to the concept plan approved by P&Z and City Council earlier this year.
9. Metrocrest Service has indicated completion of Phase 3 will occur in 5 years (60 months).
10. The Phase 3 conceptual plans orient the building on the northern portion of the property minimizing visibility and commercial traffic to the nearby residential neighborhood to the south.
11. The building elevations provided match the approved facades approved earlier this year.
12. Special Use Permit No. 317 (SUP-317) was approved in 2004 for a child day care and is currently occupying a portion of the church. After Metrocrest Services purchases the property and the church leaves, staff will initiate repealing the SUP under a separate public hearing and ordinance.

CONCLUSION:

Staff believes the proposed use and phased development of the property is appropriate with the staff stipulations contained in the staff report. The revised PD amendments should not adversely affect surrounding properties.

Subject: Re: [EXT]Revised Metrocrest Drawings

Loren,

Metrocrest Services has been serving Carrollton, Farmers Branch, Addison, Coppell, and a small portion of the City of Dallas (in Denton County) since 1971. Next year, 2021, is our 50th Anniversary year. We are excited to move back to Carrollton.

We will purchase the First Christian Church property at 1835 Walnut (address will be 1145 N. Josey). We will close on the property on December 16, 2020. Our plan, upon closing, was to continue to occupy our leased facility at 13801 Hutton, Farmers Branch while raising money to build the new facility. We expected the process to raise the funds and to build to take 3-4 years. Due to COVID, and the impact it has had on those we serve, our volume has increased dramatically. Our current facility has exceeded its physical capacity to the point that effectively providing critical services such as food and rent assistance is at risk. We therefore have determined that occupying First Christian Church in its current state is necessary to ensure we can continue to provide the support needed for our neighbors and to potentially accelerate the fundraising process in what are uncertain times for our donors.

Metrocrest Services is requesting an amendment to our zoning to allow us to move all our operations, except storage, to the existing Church buildings. This includes both administrative offices as well as the food pantry. We understand that this was not the originally approved use of the facility but the pandemic has necessitated that we pursue this path.

We are sensitive to the concerns of the neighbors, especially along Walnut, and have developed a plan to occupy that should not create issues for the neighborhood. As such, we have prepared a three phase approach to our occupancy of the facility:

Phase 1 will add landscaping and the permanent fence along Walnut and move all traffic to Pearl Street and Josey Lane. We will construct a small parking lot and temporary fire lane on Josey in order to establish our permanent Josey Lane address, close the driveway on Walnut (except to emergency vehicles) and do some minor remodeling inside the facility to accommodate our programs. This work will be completed prior to, or concurrent with, our move to the facility in early 2021.

In Phase 2, we will continue to occupy a portion of the facility during the construction phase of the new building, expand the parking and access and demolish the classroom/office wing of the existing facility. This will be also be a temporary arrangement only during the construction phase and we will work with our construction team to honor our commitment to the residents on Walnut and provide safety to our staff and clients. We will move to this phase as soon as we have raised the capital to start construction.

Phase 3 will be the permanent facility and site development that has already been approved. We will occupy the new building and demolish the remainder of the existing church once construction is complete.

Case No. PLZ2020-108 Metrocrest Services - 2

Due to the pandemic and related economic impact on our donors, there is more uncertainty in terms of when construction will begin. However, we will begin the fundraising campaign this fall and believe we can raise the funds and complete the project within 60 months.
