FREE Door-to-Door Collection of Household Hazardous Waste!

How Does it Work?

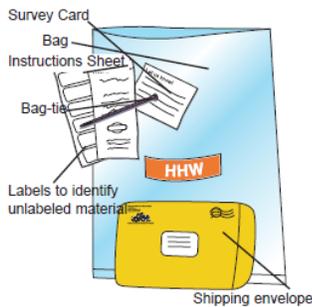

1.) CALL THE HHW HOTLINE (800)-HHW-PKUP

TO REQUEST A COLLECTION: Call the Hotline 1-800-449-7587. The operator will explain the program and ask you a few questions, including the type and amount of material you have for collection. A collection appointment will be arranged at this time.

2.) A COLLECTION DATE IS SCHEDULED AND A KIT IS SHIPPED:

You will receive a Kit within a few days. The Kit includes a bag to contain your materials, and instructions, along with labels and a tie to secure the bag.

You may use the program as often as you need to during the year.

4.) HOUSEHOLD HAZARDOUS WASTE MATERIALS COLLECTED:

On your collection day, place your HHW items near your garage or by your front porch by 7AM. That's it. You're done. You do not even need to be home. A Customer Service Representative from Curbside will visit your house on your collection date, and pick up your waste.
